

ZAI Lab and Tsinghua University Immunology Institute announce strategic alliance in research and development

Shanghai & Beijing, China —October 23, 2015— Zai Lab (Shanghai) Co. Ltd. (Zai Lab) and Tsinghua University Immunology Institute (Tsinghua Immunology Institute), today announced that the two parties have entered into a strategic alliance to jointly conduct immunology discovery research and drug development in China.

“We are very pleased to announce this significant alliance with the leading institution in immunology research, and believe that entering into this partnership is a key milestone to further strengthen and advance our internal discovery efforts,” commented Samantha Du, CEO of Zai Lab. “We remain focused on our goal of developing truly breakthrough therapeutics to treat the unmet medical needs in oncology and inflammation both in China and globally.” Dr. Chen Dong, Director of the Tsinghua Immunology Institute, commented: “We are excited to enter into this important alliance with Zai Lab, the leading biopharmaceutical company in China. Tsinghua Immunology Institute is the most prominent research institution in cutting edge immunology research. By joining force with Zai Lab, we will be able to accelerate our discovery into clinical setting and to truly benefit patients in China and around the world.”

About Zai Lab

ZAI Lab is a leading biotech company based in China focused on discovering and developing innovative medicines for unmet medical needs globally. The company is building a strong portfolio of therapeutic programs aimed at transforming patients’ lives. Zai Lab has a world class leadership team with deep experience at global pharmaceutical and biotech organizations. The team has a strong track record of success – successfully taken five novel drug candidates into clinical trials in China, pioneered new regulatory channels, secured regulatory approvals in record times, conducted multiple IND trials in the US, and brought the first China discovered drug into Global Phase III trials. Zai Lab is committed to build a globally leading drug research and development powerhouse with a culture of excellence and teamwork and a strong focus on fostering innovation and creativity.
