MATTERS REQUIRING SHAREHOLDER ACTION

PROPOSALS 1-9 ELECTION OF DIRECTORS

Description of the Proposals

The Board of Directors currently has nine members, all of whom are up for re-election at the Annual Meeting in accordance with the Sixth Amended and Restated Memorandum and Articles of Association (the “Current Articles”). The Board of Directors recommends shareholder approval of the re-election for each of these nominees. In reaching this recommendation, the Board of Directors considered a variety of factors, including the recommendation of the Nominating and Corporate Governance Committee, the criteria set forth in the Corporate Governance Guidelines and Board Diversity Policy, and the written confirmation of independence of each independent director. The Board of Directors believes that with their diverse business and professional backgrounds, each nominee will continue to bring to the Board of Directors valuable perspectives, skills, and experience that will complement the Board’s diversity and optimal composition. Among the returning Directors, Nisa Bernice Wing-Yu Leung was appointed as a director of the Company in August 2014 and an independent director of the Company since July 2020 and Peter Karl Wirth was appointed as a director of the Company in May 2017 and an independent director of the Company since May 2020, so they have served on the Board for more than nine years. The Board of Directors is of the view that Ms. Leung and Mr. Wirth are still independent. Under the HK Listing Rules 3.13A, the tenure of independent directors is capped at nine years. In the case of the Company, which changed its listing status from secondary listing to dual-primary listing on the Hong Kong Stock Exchange, the nine-year tenure of the independent directors of the Company is counted from the date of its primary listing on the Hong Kong Stock Exchange, which was June 27, 2022. As such, each of Ms. Leung and Mr. Wirth remain eligible for election at the Annual Meeting under the HK Listing Rules.

If elected at the Annual Meeting, each of these nominees would serve until the 2027 annual general meeting and until his or her successor has been duly elected and qualified or, if sooner, until the director’s death, resignation, or removal. For additional information on the Company’s corporate governance practices, including information on director elections and nominations, see *Corporate Governance*. For additional information on compensation for our non-employee directors, see *Director Compensation*. We will not enter into service contracts with our independent or non-employee directors. For information on our employment agreement with our Chief Executive Officer, who also serves Chairperson of the Board of Directors, see *CD&A - Employment Agreements*. For more information on the view of the Board of Directors regarding director independence, see *Corporate Governance - Director Independence*.

Director Biographical Information

Set forth below is biographical information for our directors, which has been confirmed by each of them for inclusion in this Proxy Statement. We have provided their current Board and Committee roles as well as a summary of the experiences, qualifications, attributes, and skills that led the Board of Directors to conclude that each director should serve as a director in light of our business and structure. As discussed in *Corporate Governance – Director Independence*, the Board of Directors has determined that all of our director nominees, other than our Chief Executive Officer Dr. Du and Mr. Moulder, are independent under the Nasdaq listing rules and HK Listing Rules. So far as the Board of Directors is aware, there is no other information which is disclosable pursuant to HK Listing Rules 13.51(2)(h) to (v) or other matters that need to be brought to the attention of the shareholders of the Company. For information on each director’s interest in our shares, see *Security Ownership of Certain Beneficial Owners and Management*.

KPMG LLP has been the Company's independent registered public accounting firm and auditor since 2022.

Upon the recommendation of the Audit Committee, the Board of Directors recommends shareholder approval of the appointment of KPMG LLP and KPMG as our independent registered public accounting firms and auditors for the fiscal year ending December 31, 2026. The Board of Directors continues to believe that the appointment of KPMG LLP and KPMG to serve as our independent registered public accounting firms and auditors is in the best interest of the Company and its shareholders. KPMG LLP will be responsible for auditing our consolidated financial statements for the year ending December 31, 2026 filed with the SEC and the effectiveness of our internal control over financial reporting as of December 31, 2026 in accordance with the Exchange Act, and KPMG will be responsible for auditing our consolidated financial statements for the year ending December 31, 2026 filed in the annual report to be prepared in accordance with the HK Listing Rules.

If this proposal is not approved at the Annual Meeting, the Board of Directors will reconsider its appointment of KPMG LLP and KPMG. If approved in accordance with Hong Kong Stock Exchange requirements and the HK Listing Rules, KPMG LLP and KPMG will serve as the Company's independent auditors until the next annual general meeting, unless removed or subsequently changed by shareholders at a general meeting.

We expect a representative from each of KPMG LLP and KPMG to be available at the Annual Meeting to respond to appropriate questions. They will have the opportunity to make a statement if they desire to do so.

Vote Required

Approval of Proposal 10 requires the favorable vote of a simple majority of the votes cast by the shareholders entitled to vote who are present in person, virtually, or by proxy at the Annual Meeting. Abstentions with respect to this proposal will not be treated as votes cast for this purpose and, therefore, will not affect the outcome of the vote. We expect that there will be no broker non-votes on this proposal due to the discretionary authority granted to brokerage firms, banks, and other financial institutions.

THE BOARD OF DIRECTORS RECOMMENDS THAT SHAREHOLDERS VOTE "FOR" THE APPROVAL OF THE APPOINTMENT OF KPMG LLP AND KPMG AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRMS AND AUDITORS TO AUDIT OUR CONSOLIDATED FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDING DECEMBER 31, 2026 TO BE FILED WITH THE SEC AND HONG KONG STOCK EXCHANGE, RESPECTIVELY.

PROPOSAL 11

APPROVAL OF BOARD AUTHORITY TO FIX AUDITOR COMPENSATION FOR 2026

Description of the Proposal

The Board of Directors recommends shareholder approval of Board authority to fix auditor compensation for 2026 in accordance with the HK Listing Rules. The Board of Directors notes, in this regard, that the annual amount of auditor compensation cannot fully be determined at the beginning of the year. This is because an auditor's compensation for any given year may vary, such as due to the scope and extent of the audit work undertaken during that year. As a result, the Board of Directors requests shareholder approval to delegate the authority to the Board of Directors to fix auditor compensation for the year ending December 31, 2026.

If approved in accordance with the HK Listing Rules, the Board of Directors may delegate such responsibility to the Audit Committee. Auditor compensation will be approved in accordance with the policies and procedures described in Pre-Approval Policies below.

Vote Required

Approval of Proposal 11 requires the favorable vote of a simple majority of the votes cast by the shareholders entitled to vote who are present in person, virtually, or by proxy at the Annual Meeting. Broker non-votes and abstentions with respect to this proposal will not be treated as votes cast for this purpose and, therefore, will not affect the outcome of either vote.

THE BOARD OF DIRECTORS RECOMMENDS THAT SHAREHOLDERS VOTE "FOR" THE APPROVAL OF BOARD AUTHORITY TO FIX AUDITOR COMPENSATION FOR 2026.

PROPOSAL 12

NON-BINDING, ADVISORY VOTE TO APPROVE EXECUTIVE COMPENSATION

Description of the Proposal

Consistent with the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the “Dodd-Frank Act”), we are providing our shareholders with an opportunity to indicate whether they support our named executive officer compensation as described in detail in the Compensation Discussion and Analysis (“CD&A”) and Executive Compensation Tables. This non-binding advisory vote, commonly referred to as “say-on-pay,” is not intended to address any specific item of compensation, but instead relates to the CD&A, the tabular disclosures regarding named executive officer compensation, and the narrative disclosures accompanying the tabular disclosures.

As discussed in the CD&A, our executive compensation guiding principles and structure are designed to attract, retain, and motivate strong leaders who perform at high levels and succeed in a demanding business environment.

Specifically, our executive compensation program in 2025 was:

- *Mission Focused and Business Driven.* Our executive compensation program focused on whether we met our corporate performance goals and whether each named executive officer achieved his or her individual performance goals. These goals are designed to support the annual and long-term objectives of our business, which include the discovery, development, and commercialization of innovative products to address significant unmet medical needs in our key therapeutic areas. We seek to provide an executive compensation program that contributes to building and sustaining a foundation for long-term success.
- *Market Competitive.* While we do not benchmark our compensation, or its components, to a specific market percentile of compensation, we consider the executive compensation programs of a peer group of biotechnology and pharmaceutical companies that we believe are representative of the companies we primarily compete with for talent in the geographies where we do business. Broader market data, as further described below, is also considered in order to provide additional context for our executive compensation decisions. Peer group and market practices are among the many factors we consider in developing an executive compensation program that is designed to enable us to recruit, retain, and motivate our leadership team to achieve our business objectives and enhance shareholder value.
- *Performance Focused.* We believe strongly in pay-for-performance and endeavor to provide our named executive officers with higher levels of compensation when our business goals and any personal performance objectives are met or exceeded and with lower levels of compensation when such corporate or individual performance does not meet our expectations and goals. For 2025, we granted an annual bonus opportunity and performance-based equity awards with payouts tied to the achievement of pre-established performance goals.
- *Aligned with Shareholders.* We believe every employee contributes to our success and, as such, we have endeavored to design a compensation program that provides every employee with a vested interest in our success. For members of our executive team, including our named executive officers, a significant portion of their total compensation is equity-based to promote further alignment between the interests of our executive officers and our shareholders.

The Compensation Committee actively reviews and assesses our executive compensation program in consideration of the significant competition for top talent in our industry; the challenges of recruiting, retaining, and motivating executives in an industry that generally has significant risks and longer business cycles than other commercial industries; and evolving compensation governance and best practices. In addition, as a company incorporated in the Cayman Islands, with a substantial presence in Greater China (mainland China, Hong Kong, Macau, and Taiwan, collectively) and the United States and dual-primary listing on Nasdaq and the Hong Kong Stock Exchange, our leadership team must also possess, in addition to deep knowledge of the U.S. and Hong Kong securities laws and governance requirements, the global perspectives and expertise required to navigate geopolitical challenges and to

address novel and complex issues amid the evolving global regulatory landscape. Because the Company is designing an executive compensation program to attract, retain, and motivate global talent, with specific knowledge of the evolving Chinese regulatory and operating environment, the Company's executive compensation program may differ from our U.S. peers to reflect the competitive market in China, the need to attract a global skillset with deep knowledge of both U.S. and Chinese regulatory regimes, and the Company's desire to incentivize an entrepreneurial mindset to encourage actions that support our long-term growth and strategy. For these reasons, the Compensation Committee looks at the totality of factors the Company faces when it considers and determines executive compensation.

The Compensation Committee strives to act in the long-term best interests of the Company and our shareholders and believes that our executive compensation program is strongly aligned with the long-term interests of our shareholders. In determining whether to approve this proposal, the Compensation Committee believes that shareholders should consider the following with respect to 2025 compensation determinations and governance:

- *No 2025 Compensation Increases for Named Executive Officer.* The Compensation Committee did not increase 2025 base salaries, target bonus opportunities, or the long-term incentive award values of the named executive officers, including the CEO, as compared to 2024.
- *CEO Bonus Based Only on Company Performance.* Consistent with the 2024 design and to emphasize and promote CEO accountability for corporate results, the CEO's annual bonus for 2025 was based entirely on corporate performance. The weighting for the other named executive officers for 2025 was 80% corporate performance and 20% individual performance in order to tie a portion of their bonus to their success in their functional areas of responsibility, while still focusing the executive team on the Company's overall performance.
- *Introduction of Performance-Based Restricted Share Units ("PSUs").* The Compensation Committee approved the grant of PSUs to the named executive officers beginning in 2025 in order to further strengthen the alignment between executive compensation, Company performance, and shareholder expectations. PSUs will vest on the three-year anniversary of the grant date, subject to satisfaction of performance targets during 2025 relating to clinical and pipeline strategic metrics (40%), revenue metrics (30%), and profit metrics (30%).
- *Independent Compensation Committee.* To promote strong oversight of our executive compensation program and decisions, the Compensation Committee consists solely of independent directors. The Compensation Committee is responsible for, among other things, approving executive compensation for named executive officers other than the CEO and for recommending the compensation of the CEO to the Board of Directors for approval. Dr. Du, our Chairperson and CEO, does not participate in discussions or determinations regarding her compensation. The Compensation Committee uses an independent compensation consultant, which reports directly to the Compensation Committee, to support its oversight of our executive compensation program and decisions.
- *Highly Disciplined, Data-Driven Process:* The Compensation Committee holds regularly-scheduled meetings where processes and procedures are reviewed and evaluated for ongoing effectiveness. The Compensation Committee relies on objective data and industry experience provided by its independent compensation consultant to stay current on compensation trends and market best practices.
- *Shareholder Outreach and Consideration of Shareholder Feedback:* The Compensation Committee is committed to maintaining an open and ongoing dialogue with shareholders regarding our executive compensation program. We actively seek investor feedback as part of our regular governance practices and carefully consider feedback shared by shareholders when making compensation decisions. Shareholder engagement remains a key priority, and we expect to continue these efforts in the future.
- *Emphasis on Pay for Performance:* We emphasize variable pay over fixed pay, with a significant portion of executive compensation tied to corporate performance, including financial results, and we maintain a

clawback policy to help avoid improper payments to our executive officers. We also avoid practices that could cause potential conflicts of interest or result in misalignment with long-term interests of our shareholders, such as by maintaining anti-hedging and anti-pledging policies, providing for “double trigger” equity award vesting and severance benefits upon a change in control, prohibiting repricing or exchanging underwater options without shareholder approval, or prohibiting the granting of options or stock appreciation rights (“SARs”) at a discount.

- *Strong Compensation Governance Principles:* Our executive compensation program is designed to support our pay-for-performance culture and to have strong alignment with the interests of our shareholders. For example, our executive officers are eligible for the same benefits as non-executive, salaried employees; they do not receive any executive-only personal benefits. We do not provide supplemental pension plans or retiree health benefits to our executive officers, and our executive officers do not receive tax-related gross-ups on any element of compensation. We also actively monitor our “burn rate” to be within industry and peer group standards and do not have an “evergreen” feature in our equity incentive plan.

We actively monitor our executive compensation practices in light of the industry in which we operate and the marketplace for talent in which we compete. We are focused on providing competitive compensation to our executive officers that incentivizes high levels of performance while providing the Company with tools to attract, retain, and motivate the best talent.

Vote Required

Advisory approval of Proposal 12 requires the favorable vote of a simple majority of the votes cast by the shareholders entitled to vote who are present in person, virtually, or by proxy at the Annual Meeting. Broker non-votes and abstentions with respect to Proposal 12 will not be treated as votes cast for this purpose and, therefore, will not affect the outcome of the vote. The say-on-pay vote is advisory and therefore not binding on the Board of Directors, the Compensation Committee, or the Company. However, the Board of Directors and the Compensation Committee value the opinion of our shareholders, and to the extent there is a significant vote against the compensation of our named executive officers as disclosed in this Proxy Statement, we will consider our shareholders’ concerns, and the Compensation Committee will evaluate whether any actions are necessary to address those concerns.

**THE BOARD OF DIRECTORS RECOMMENDS THAT SHAREHOLDERS
VOTE “FOR” THE APPROVAL, ON AN ADVISORY BASIS, OF THE
COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS.**

PROPOSAL 13
GENERAL MANDATE TO ISSUE SHARES

Description of the Proposal

Prior to our primary listing on the Hong Kong Stock Exchange, our Board of Directors generally had the authority to issue the Company's authorized shares. Such authority was similar to that of other companies listed on Nasdaq and in the United States. Under the HK Listing Rules, however, a primary-listed company must obtain such authority from its shareholders to issue authorized but unissued shares. Granting such authority to the Board of Directors is a routine annual matter for primary-listed companies on the Hong Kong Stock Exchange. As a result, we are seeking shareholder approval of a general mandate to the Board of Directors to allot and issue ordinary shares and/or ADSs (a "General Mandate"), in compliance with the HK Listing Rules and to the same extent already authorized under our Current Articles and the rules of Nasdaq. We are not asking shareholders to approve an increase in authorized share capital.

In light of the dynamics in our industry and the markets in which we operate, we believe in maintaining a strong balance sheet with maximum flexibility to fund our continued efforts to pursue our corporate strategic goals. Such General Mandate authority would allow our company to meet the emerging needs of our business, such as advancing and expanding our pipeline through our research and development activities and pursuing growth opportunities through strategic transactions or business development arrangements, in a timely manner. Consistent with our past practice, the Board of Directors will only authorize issuances of securities under a General Mandate if it determines that such issuances are in the best interests of the Company and its shareholders. The Board of Directors has no immediate plans, arrangements, or understandings to issue any shares pursuant to a General Mandate, and we are not asking shareholders to approve a specific issuance of shares.

Further, the Company does not intend to issue any shares under a General Mandate at a discount of more than 10% to the benchmarked price as described in Rule 13.36(5) of the HK Listing Rules, being the higher of the closing price on the date of issue and the average closing price in the 5 trading days immediately prior to the date of issue.

In accordance with the HK Listing Rules, it is a customary practice for primary-listed companies on the Hong Kong Stock Exchange to seek shareholder authority to issue up to 20% of their total issued shares as of the date of the resolution granting the mandate and for such authority to remain effective until the next annual meeting of shareholders, unless otherwise revised or revoked or modified by shareholders at a general meeting. The Company proposed, and our shareholders approved, such a 20% general mandate at each annual meeting since we became primary listed on the Hong Kong Stock Exchange in 2022 until the 2024 annual meeting. Last year, in recognition of differing preferences and levels of comfort with respect to a General Mandate across our diverse global shareholder base, we proposed, and our shareholders approved, a 10% general mandate. Like last year, we are now seeking shareholder approval for continuing authority for the Board of Directors to authorize the Company to issue new shares and/or resell treasury shares (as defined in the HK Listing Rules) (the "treasury shares") of up to 10% of our issued shares (excluding treasury shares) where the price of any such share issuance will not be discounted by more than 10% to the benchmarked price described above.

In order to give the Company flexibility to allot and issue ordinary shares and/or ADSs if and when appropriate and in accordance with the HK Listing Rules, the Board of Directors recommends shareholder approval of a General Mandate of up to 10% of the total number of issued ordinary shares of the Company (excluding treasury shares) as of the date of the Annual Meeting. If approved in accordance with the Hong Kong Stock Exchange requirements and HK Listing Rules, the General Mandate shall remain in force until the next annual general meeting, unless otherwise earlier revised or revoked by shareholders at a general meeting. Pursuant to this proposal, assuming for illustrative purposes that our total issued shares remain unchanged from April 10, 2026 to the date of the Annual Meeting (i.e., 1,134,128,030 ordinary shares) and the Company does not have treasury shares, the Company will be allowed to issue new shares and/or resell treasury shares of up to a maximum of 113,412,803 ordinary shares. For clarity, this authority will include the authority to issue securities convertible into shares of common stock, or options, warrants, or similar rights to subscribe for shares of common stock or such convertible securities of the Company and to make

or grant offers, agreements, and/or options (including bonds, warrants, and debentures convertible into shares of common stock), subject to the limitations described in the resolution above.

Vote Required

Approval of Proposal 13 requires the favorable vote of a simple majority of the votes cast by the shareholders entitled to vote who are present in person, virtually, or by proxy at the Annual Meeting. Broker non-votes and abstentions with respect to these proposals will not be treated as votes cast for this purpose and, therefore, will not affect the outcome of the vote.

THE BOARD OF DIRECTORS RECOMMENDS THAT SHAREHOLDERS VOTE “FOR” THE APPROVAL OF A GENERAL MANDATE TO ISSUE NEW SHARES AND/OR RESELL TREASURY SHARES UP TO 10% OF THE TOTAL NUMBER OF ISSUED ORDINARY SHARES OF THE COMPANY (EXCLUDING TREASURY SHARES) AS OF THE DATE OF THE ANNUAL MEETING.

PROPOSAL 14

GENERAL MANDATE TO REPURCHASE SHARES

Description of the Proposal

Prior to our primary listing on the Hong Kong Stock Exchange, our Board of Directors generally had the authority to repurchase the Company's authorized shares. Such authority was similar to that of other companies listed on Nasdaq or in the United States. Under the HK Listing Rules, however, a company must obtain such authority from its shareholders to repurchase its shares on the Hong Kong Stock Exchange. Granting such authority to the Board of Directors is a routine annual matter for primary-listed companies on the Hong Kong Stock Exchange and is consistent with market practice. Without such authority, our ability to repurchase shares would be limited to the repurchase of shares that trade on Nasdaq and would not include repurchases of shares that trade on the Hong Kong Stock Exchange. Granting the Board of Directors this authority will provide parity between investors who hold our shares that trade on Nasdaq and investors that hold our shares that trade on the Hong Kong Stock Exchange.

As a result, in order to give the Company the flexibility to repurchase ordinary shares and/or ADSs if and when appropriate and in accordance with the HK Listing Rules, we are seeking shareholder approval of a general mandate to the Board of Directors to repurchase ordinary shares and/or ADSs (the "Repurchase Mandate") of up to 10% of the total number of issued ordinary shares of the Company (excluding treasury shares as defined in the HK Listing Rules) (the "treasury shares") as of the date of the Annual Meeting. If approved in accordance with the Hong Kong Stock Exchange requirements and HK Listing Rules, the Repurchase Mandate shall remain in force until the next annual general meeting, unless otherwise earlier revised or revoked by shareholders at a general meeting. We are seeking shareholder approval of a mandate to authorize the Board of Directors to repurchase shares and/or ADSs of up to 10% of our issued shares (excluding treasury shares). Pursuant to this proposal, assuming for illustrative purposes that our total issued shares remain unchanged from April 10, 2026 to the date of the Annual Meeting (i.e., 1,134,128,030 ordinary shares) and the Company does not have treasury shares, the Company will be allowed to repurchase a maximum of 113,412,803 ordinary shares, in compliance with the HK Listing Rules and to the same extent already authorized under our Current Articles and applicable Cayman law, SEC, and Nasdaq requirements.

The Board of Directors believes that, following our primary listing on the Hong Kong Stock Exchange, it is in the best interests of the Company and our shareholders to have a general authority from our shareholders to enable our Company to purchase its shares in the markets. Further, the Company believes it is important to promote equality between shareholders, regardless of the exchange on which the shares they hold trade. The Board of Directors would only repurchase shares if it believes it is in the best interests of the Company and its shareholders, taking into account the Company's overall financial position.

The Board of Directors recommends shareholder approval of a Repurchase Mandate of up to 10% of the total number of issued ordinary shares of the Company (excluding treasury shares) as of the date of the Annual Meeting. If approved by shareholders, the Repurchase Mandate will remain in force until the next annual general meeting, unless otherwise earlier revised or revoked by shareholders at a general meeting.

Vote Required

Approval of Proposal 14 requires the favorable vote of a simple majority of the votes cast by the shareholders entitled to vote who are present in person, virtually, or by proxy at the Annual Meeting. Abstentions with respect to Proposal 14 will not be treated as votes cast for this purpose and, therefore, will not affect the outcome of the vote. We expect that there will be no broker non-votes on this proposal due to the discretionary authority granted to brokerage firms, banks, and other financial institutions.

**THE BOARD OF DIRECTORS RECOMMENDS THAT SHAREHOLDERS VOTE "FOR"
THE APPROVAL OF A MANDATE TO REPURCHASE UP TO 10% OF THE TOTAL NUMBER
OF ISSUED ORDINARY SHARES OF THE COMPANY (EXCLUDING TREASURY SHARES)
AS OF THE DATE OF THE ANNUAL MEETING.**

EXPLANATORY STATEMENT

This explanatory statement contains the information required pursuant to Rule 10.06(1)(b) of the HK Listing Rules.

Share Capital

As of April 10, 2026, the total number of issued ordinary shares was 1,134,128,030 and the Company did not have treasury shares. Subject to the passing of Proposal 14 and on the basis that no further ordinary shares are issued or repurchased prior to the Annual Meeting, the Company would be allowed under the Repurchase Mandate to repurchase a maximum of 113,412,803 ordinary shares, representing 10% of the total number of issued ordinary shares as of the date of approval of Proposal 14.

Reasons for Repurchase

The Directors believe that it is in the best interests of the Company and its shareholders as a whole to have a general authority from its shareholders to enable the Directors to repurchase ordinary shares and/or ADSs. When exercising the Repurchase Mandate, the Directors may, subject to market conditions and the Company's capital management needs at the relevant time of the repurchase, resolve to cancel the shares repurchased following settlement of any such repurchase or hold them as treasury shares. Shares repurchased for cancellation may, depending on specific circumstances, lead to an increase in net assets per share and/or earnings per share of the Company. On the other hand, shares repurchased and held by the Company as treasury shares may be resold on the market at market prices to raise funds for the Company, or transferred or used for other purposes, subject to compliance with the HK Listing Rules, the Current Articles, and the laws of the Cayman Islands. Share repurchases will only be made when the Directors believe that such a repurchase will generally benefit the Company and its shareholders as a whole.

Funding of Repurchase

Repurchases of shares must be funded out of funds legally available for such purpose in accordance with the Current Articles, the applicable listing rules of the stock exchanges on which our shares or ADSs are listed and all applicable laws and regulations of the Cayman Islands.

Impact of Repurchase

In the event that the Repurchase Mandate was to be exercised in full at any time during the proposed period within which the Repurchase Mandate may be exercised, there might be a material adverse impact on the working capital and/or gearing position of the Company as compared with the position of the Company as disclosed in the audited financial statements for the year ended December 31, 2025 contained in the 2025 annual report of the Company. However, the Directors do not propose to exercise the Repurchase Mandate to such an extent as would, in the circumstances, have a material adverse effect on the working capital and/or the gearing position which in the opinion of the Directors are from time to time appropriate for the Company.

Share Prices

The highest and lowest prices at which the shares were traded on the Hong Kong Stock Exchange during each of the previous 12 months immediately prior to April 10, 2026 were as follows. While our shares are dual-primary listed on Nasdaq and the Hong Kong Stock Exchange, the information set forth below relates exclusively to our listing on the Hong Kong Stock Exchange and is therefore provided in Hong Kong dollars (HK\$). The below values do not represent trading prices of our shares on Nasdaq.

Directors, Close Associates, and Core Connected Persons

The Directors will exercise the power of the Company to make repurchases pursuant to the Repurchase Mandate to be approved under Proposal 14 in accordance with the HK Listing Rules and the laws of the Cayman Islands.

None of the Directors nor, to the best of their knowledge having made all reasonable inquiries, any of their close associates (as defined under the HK Listing Rules), have any present intention to sell any shares to the Company under the Repurchase Mandate if such is approved by the shareholders.

No core connected persons (as defined under the HK Listing Rules) of the Company have notified the Company that they have a present intention to sell any shares to the Company, nor has any of them undertaken not to do so, in the event that the Repurchase Mandate is approved by the shareholders.

The HK Takeovers Code

If, on exercise of the power to repurchase shares pursuant to the Repurchase Mandate, a shareholder's proportionate interest in the voting rights of the Company increases, such increase will be treated as an acquisition for the purposes of Rule 32 of the Codes on Takeovers and Mergers issued by the Securities and Futures Commission in Hong Kong (the "HK Takeovers Code"). As a result, a shareholder or group of shareholders acting in concert (within the meaning of the HK Takeovers Code), depending on the level of increase of the shareholder's interest, could obtain

or consolidate control of the Company and become obliged to make a mandatory offer in accordance with Rule 26 of the HK Takeovers Code.

To the best of the Directors' knowledge, information, and belief, having made all reasonable inquiries, based on the shareholding information available to the Directors, as of April 10, 2026, an exercise of the Repurchase Mandate in full would not result in any of the shareholders becoming obliged to make a mandatory offer under Rule 26 of the HK Takeovers Code.

The Directors have no present intention to exercise the Repurchase Mandate to such an extent that would result in any shareholder or any other persons becoming obliged to make a general offer under the HK Takeovers Code or the number of shares in the hands of the public falling below the prescribed minimum percentage of 25% under the HK Listing Rules.

Repurchases of Shares

The Company did not repurchase any shares (whether on the Hong Kong Stock Exchange or otherwise) in the preceding six months.

Unusual Features

Neither this explanatory statement nor the proposed share repurchase has any unusual features.

If any other matters are properly brought before the Annual Meeting, the person(s) named in the accompanying proxy intend to vote on such matters in accordance with their best judgment.

Election of Directors

The Board of Directors currently consists of nine members. The Current Articles provide that unless otherwise determined by the Company in a general meeting, the number of directors shall be not less than one or more than ten. We are not subject to any contractual obligations regarding the election of our directors. Our Nominating and Corporate Governance Committee and Board of Directors may consider a broad range of factors relating to the qualifications and background of nominees, as further set forth below under *Director Nominations*.

The laws of the Cayman Islands do not require an annual election of directors, and the Current Articles provide that each Director shall be elected annually for terms expiring at the next annual general meeting of the Company, at which he or she may be eligible for re-election or until the earlier of their resignation or removal.

The Current Articles provide that (1) the shareholders requisitioning a general meeting of shareholders may put forward resolutions to appoint or remove directors (with or without cause), and (2) at that meeting so convened, the shareholders of the issued shares as of the applicable record date may by ordinary resolution approve the removal of directors. Shareholders holding in aggregate not less than one-tenth of the voting rights of shares issued and entitled to vote at general meetings to requisition an extraordinary general meeting of our shareholders in accordance with the Current Articles.

Additionally, the Current Articles provide that any vacancy on the Board of Directors, including a vacancy resulting from an enlargement of the Board of Directors, may be filled by ordinary resolution or by vote of a simple majority of our remaining directors present and voting at a meeting of the Board of Directors.

Director Nominations

The Board of Directors is responsible for nominating and recommending director candidates to the Company's shareholders for election at the annual general meeting or for appointing directors to the Board to fill a vacancy or as an addition to the existing Board between annual general meetings. The Board of Directors has delegated to the Nominating and Corporate Governance Committee the responsibility to identify, evaluate, and recommend director candidates to the Board of Directors for their consideration, as deemed appropriate. From time to time, the Nominating and Corporate Governance Committee utilizes third-party search firms to identify director candidates.

The Board of Directors has adopted Corporate Governance Guidelines that include, among other things, the criteria that the Nominating and Corporate Governance Committee will consider in recommending candidates to the Board of Directors and that the Board of Directors will consider in nominating and recommending candidates to the Company's shareholders for election. The Board of Directors has delegated to the Nominating and Corporate Governance Committee the responsibility for reviewing, on an annual basis, the qualification criteria for the Board of Directors as a whole and its individual members and recommending any changes to the Board of Directors for approval. In identifying director candidates, the Board of Directors and the Nominating and Corporate Governance Committee may consider any factors that they deem appropriate in the context of the needs of the Board of Directors and the overall diversity and composition of the Board of Directors. Such factors may include, but are not limited to, the candidate's qualifications, skills, expertise, experience, integrity, independence (including any actual or perceived conflicts of interest), and time availability in light of other commitments, including service on other boards. Diversity may be considered across multiple dimensions, including diversity in experiences, perspective, and skills as well as diversity with respect to other background characteristics such as gender, age, culture, ethnicity, and nationality. Overall, the Board of Directors and Nominating and Corporate Governance Committee will be guided to select and recommend director candidates that they determine are best suited to meet the needs of the Board of Directors and further the interests of our shareholders through their established record of professional accomplishment, ability to contribute positively to the collaborative culture among board members, knowledge of our business, understanding of the competitive landscape, and professional and personal experiences and relevant expertise.

Director Nominations by Shareholders

Any shareholder wishing to recommend a director candidate for consideration by the Nominating and Corporate Governance Committee should provide the following information within the time frame set forth for shareholder proposals (as described under "When are shareholder proposals and director nominations due for next year's annual meeting?") and in accordance with our Articles of Association to Zai Lab Limited, 314 Main Street, Fourth Floor, Suite 100, Cambridge, MA 02142, Attention: Chief Legal Officer & Corporate Secretary: (a) the name and address of record of the shareholder; (b) a representation that the shareholder is a record holder of our securities or, if the shareholder is not a record holder, evidence of ownership in accordance with Rule 14a-8(b)(2) of the Exchange Act; (c) the candidate's name, age, business and residential address, educational background, current principal occupation or employment, and principal occupation or employment for the past five years; (d) a description of the qualifications and background of the candidate that addresses the criteria for board membership approved by the Board of Directors; (e) a description of all arrangements or understandings between the shareholder and the candidate; (f) the consent of the candidate (1) to be named in the proxy statement for our next general meeting and (2) to serve as a director, if elected at that meeting; and (g) and any other information regarding the candidate that is required to be included in a proxy statement filed pursuant to SEC rules and HK Listing Rules. The Nominating and Corporate Governance Committee may seek further information from or about the shareholder making the recommendation, the candidate, or any such other beneficial owner, including information about all business and other relationships between the candidate and the shareholder and between the candidate and any such other beneficial owner. The Nominating and Corporate Governance Committee will consider director candidates recommended by shareholders or other sources in the same manner as nominees identified by the Nominating and Corporate Governance Committee.

Our Corporate Governance Practices

We seek to implement and follow corporate governance practices in line with best practices in our industry. The Board of Directors has adopted Corporate Governance Guidelines, which are available on our website at <https://ir.zailaboratory.com/corporate-governance/highlights>. The Board of Directors periodically reviews and updates these Guidelines, as deemed appropriate, such as in consideration of evolving legal and regulatory requirements and corporate governance best practices.

Our corporate governance practices include the following:

- The majority of our directors are independent;
- The Board of Directors has a lead independent director to, among other things, lead meetings of the Board when the Chairperson is not present, serve as liaison between the Chairperson and independent and non-employee directors, and preside over executive sessions of our independent and non-employee directors;
- Our directors are elected annually;
- The Audit, Nominating and Corporate Governance, and Compensation Committees are comprised solely of independent directors;
- Each of the Board Committees operates pursuant to a written charter that has been approved by the Board of Directors and is available on our website;
- Non-employee and independent directors meet regularly without management;
- The Company provides new directors with a director orientation program to help familiarize them with our business, policies, and procedures and makes available to directors continuing education programs;
- The Board and Committees are provided access to senior management as well as independent advisors as necessary to perform their duties and, for Committees, in accordance with their respective charters;
- The Board of Directors and Board Committees conduct an annual self-evaluation; and
- The Board periodically reviews the Company's succession planning.

Director Independence

The Board of Directors has determined that all members of the Board of Directors, except Samantha (Ying) Du, our Chairperson and CEO, and Mr. Moulder, are independent, as determined in accordance with Nasdaq requirements and the HK Listing Rules. Our Chairperson Dr. Du also serves as our CEO, and Mr. Moulder is the founder and Chairman of the Board of Directors of Zenas BioPharma, Inc., the parent company of Zenas BioPharma (HK) Limited with which we have a license agreement. For more information on this license agreement, see "Transactions with Related Persons." In making this independence determination, the Board of Directors considered the relationships that each such director has with us and all other facts and circumstances that the Board of Directors deemed relevant in determining their independence, including the beneficial ownership of our share capital by each director. In considering the independence of the directors listed above, the Board of Directors considered the association of our directors with the holders of more than 5% of our share capital. None of the independent directors has any relationship with any other director, senior management, or substantial shareholder of the Company that impairs their independence under applicable rules. We expect that the composition and functioning of the Board of Directors and each of our committees will continue to comply with applicable SEC rules and regulations, HK Listing Rules, and Nasdaq and Hong Kong Stock Exchange requirements. There are no family relationships among any of our directors or executive officers or senior management.

The Board of Directors also considered each director's tenure on the Board of Directors when considering independence. In this regard, we note that Ms. Leung has been a member of the Board of Directors since August 2014 and an independent director since July 2020, and Mr. Wirth has been a member of the Board of Directors since May 2017 and an independent director since May 2020. The Board of Directors believe that Ms. Leung and Mr. Wirth continue to provide valuable guidance and perspective to the Company in their respective capacities as independent directors. The Board of Directors has also received from Ms. Leung and Mr. Wirth a confirmation of independence according to Rule 3.13 of the HK Listing Rules. Taking into account that Ms. Leung and Mr. Wirth (i) do not have any relationship with any directors, senior management, or substantial shareholders of the Company; (ii)

are not and have not been involved in any relationships or circumstances which would interfere with the exercise of their respective independent judgment as independent directors; and (iii) have been providing objective and independent views and guidance to the Company as mentioned above during their respective tenures of office as independent directors, the Board of Directors considers that Ms. Leung and Mr. Wirth are still independent and the long service of Ms. Leung and Mr. Wirth, respectively, does not diminish their respective independence or affect their respective exercise of independent judgment, and their continued tenures will continue to provide valuable contributions to the Board and its diversity.

Board Meetings

The Board of Directors held four meetings in 2025. The non-employee and independent directors ordinarily hold executive sessions at regularly scheduled meetings of the Board of Directors. Each of our incumbent directors attended at least 75% of the aggregate of all meetings of the Board of Directors and all meetings of the committees of the Board of Directors on which such director then served. Directors and director nominees are encouraged to attend the annual general meeting of shareholders, barring significant commitments or special circumstances. Seven of our nine incumbent directors attended the 2025 annual meeting.

Committees of the Board

The Board of Directors has five standing committees: the Audit Committee, the Compensation Committee, the Nominating and Corporate Governance Committee, the Research and Development Committee, and the Commercial Committee. The Audit, Compensation, and Nominating and Corporate Governance Committees are comprised solely of independent directors. Board Leadership Structure and Role in Risk Oversight

Our Founder and Chief Executive Officer, Samantha (Ying) Du, is the Chairperson of the Board of Directors. The Board of Directors believes that Dr. Du is the director best suited to identify strategic opportunities for the Company and areas of focus for the Board of Directors due to her extensive understanding of our business as our founder and Chief Executive Officer and her deep knowledge of our industry. The Board of Directors also believes that the combined role of Chairperson and Chief Executive Officer promotes effective execution of strategic initiatives and facilitates the flow of information between management and the Board of Directors. To promote strong corporate governance while the roles of Chairperson and CEO are combined, the Board of Directors has established a lead independent director and appointed John Diekman to serve in this important position. Our lead independent director, among other things, leads meetings of the Board when the Chairperson is not present, serves as liaison between the Chairperson and non-employee and independent directors, has the authority to call meetings of the non-employee and independent directors, and, if requested by a significant portion of our shareholders, will be available for consultation and direct communication.

The Board of Directors oversees the management of risks inherent in the operation of our business and the implementation of our business strategies. The Board of Directors performs this oversight role directly and with the support of its Committees. For example, in connection with its reviews of our operations and corporate functions,

the Board of Directors oversees risks associated with those operations and corporate functions. In addition, the Board of Directors reviews risks associated with our business strategies periodically throughout the year.

Each of the Board Committees oversees risk management within its areas of responsibility. In performing this function, each committee has full access to management, as well as the ability to engage advisors. For example, the Audit Committee oversees the operation of our enterprise risk management program, including the identification of the primary risks associated with our business and periodic updates to such risks, and reports to the Board of Directors regarding these activities. The Audit Committee also oversees risks related to our financial reporting, compliance with applicable laws and regulations, and our cybersecurity, IT systems, processes, and data. With respect to cybersecurity, to date, we have not experienced a cyberattack or other cybersecurity incident that has materially affected us, though there can be no guarantee that we will not experience such an incident in the future. For more information regarding our cybersecurity program and oversight, refer to *Item 1C. Cybersecurity* in our 2025 Annual Report on Form 10-K. In connection with its risk management role, the Audit Committee meets privately with representatives from our independent registered public accounting firms and receives regular reporting from management, including our Chief Financial Officer and Chief Legal Officer. Our Chief Financial Officer is responsible for identifying, evaluating, and implementing risk management controls and methodologies to address financial reporting risks, and our Chief Legal Officer is responsible for our enterprise risk management program more broadly. The Compensation Committee considers risks related to our compensation policies and practices, the Research and Development Committee oversees risks related to our R&D activities, and the Commercial Committee oversees risks related to our commercial programs.

EXECUTIVE SUMMARY

2025 Business Highlights

2025 marked a year of disciplined execution and strategic progress as we continued to position Zai Lab for future growth. We delivered on our strategic priorities, achieving 15% year-over-year revenue growth driven by solid demand for our products, while advancing and expanding our pipeline of innovative global and regional product candidates. Importantly, these efforts are strengthening the foundation for our next wave of launches and long-term value creation. Key highlights include the following:

- **Improved Access for Our Commercial Products:** We continued to drive revenue growth in 2025 through our focus on improved access for our commercial products, and this growth was primarily driven by increased sales for XACDURO, driven by strong patient demand and expanding hospital adoption but partially constrained by supply limitations, and increased sales for NUZYRA, supported by increasing market coverage and penetration. ZEJULA continued to be the leading PARP inhibitor in hospital sales for ovarian cancer despite evolving competitive dynamics within the PARPi class in mainland China. Revenue from the VYVGART franchise reflected strong underlying demand and hospital sales, with reported results impacted by a \$5.6 million rebate related to VYVGART’s NRDL renewal and a \$2.4 million voluntary price adjustment for VYVGART Hytrulo ahead of the NRDL negotiation.
- **Upcoming Launch of Additional Commercial Product and Indications:** As a result of our continued focus and execution, in the fourth quarter of 2025, the NMPA approved AUGTYRO for the treatment of adult patients with NTRK+ solid tumors and KarXT for the treatment of adult patients with schizophrenia. We are preparing to launch these recently approved products/indications in 2026.
- **Development of our Pipeline:** We have a deep and differentiated pipeline of innovative products across our therapeutic areas of oncology, immunology, and neuroscience, including several in late-stage clinical development. Our product pipeline continues to demonstrate potential best-in-class and/or first-in-class profiles. During 2025, for our global assets, we had promising results from the global Phase 1 study of zocilurtatug pelitecan (“zoci”), a potential first-in-class and best-in-class DLL3-targeting antibody drug conjugate (“ADC”) for the treatment of extensive stage small cell lung cancer (“SCLC”), and promising pre-clinical data for ZL-1503, our internally discovered and developed IL-13/IL-31R α bispecific antibody for atopic dermatitis. For our late-stage regional pipeline, we had positive data readouts, including for

povetacicept (“pove”) in IgA nephropathy (“IgAN”) and primary membranous nephropathy. With this robust pipeline, we expect to launch several new products or additional indications for existing commercial products in the next two to three years.

- **Growing and Strengthening Our Pipeline:** We continue to build our global portfolio through our internal discovery efforts and to expand our portfolio through synergistic regional and global collaboration efforts and corporate development activities. For example, we obtained exclusive worldwide rights to develop and commercialize ZL-1311, a next generation T-cell engager (“TCE”) targeting MUC17 for the treatment of gastric and GEJ cancers, which is expected to enter global clinical development this year.

For a summary of our corporate performance goals, and our performance with respect to these goals, see *Corporate Performance Goals and Results*.

2025 Say-on-Pay Vote

The Compensation Committee remains committed to maintaining an open dialogue with the investor community. We regularly engage with our shareholders to discuss business topics, seek feedback on our performance, and address matters such as executive compensation. At the Company’s 2025 annual meeting, the say-on-pay proposal received approximately 81% of the votes cast in favor, reflecting shareholder support for the Company’s executive compensation program and its continued evolution.

Consistent with its governance practices, the Compensation Committee considers shareholder perspectives as part of its ongoing oversight of executive compensation, together with the Company’s business strategy, performance priorities, evolving market practices, and the input of the Committee’s independent compensation consultant. Over time, these perspectives have reinforced the importance of aligning executive compensation with Company performance, maintaining appropriate pay-for-performance rigor, and making thoughtful program refinements as the Company evolves to support long-term shareholder value creation.

The Compensation Committee considers these principles and the outcome of the say-on-pay vote, along with other relevant factors, as part of its annual compensation decision-making process, including in connection with the executive compensation decisions approved for 2025, as described below.

Compensation Highlights

In early 2025, after considering several factors including market data provided by its independent compensation consultant and feedback shared by shareholders in recent years, the Compensation Committee approved the following compensation decisions for 2025:

- **No 2025 Compensation Increases for NEOs.** The Compensation Committee did not increase 2025 base salaries, target bonus opportunities, or the long-term incentive award values of the NEOs, including the CEO, as compared to 2024.
- **CEO Bonus Based Only on Company Performance.** Consistent with the 2024 design and to emphasize and promote CEO accountability for corporate results, the CEO’s annual bonus for 2025 was based entirely on corporate performance. The weighting for the other NEOs for 2025 was 80% corporate performance and 20% individual performance in order to tie a portion of their bonus to their success in their functional areas of responsibility, while still focusing the executive team on the Company’s overall performance.
- **Introduction of PSUs.** The Compensation Committee approved the grant of PSUs to the NEOs beginning in 2025 in order to further strengthen the alignment between executive compensation, Company performance, and shareholder expectations. PSUs will vest on the three-year anniversary of the grant date, subject to satisfaction of performance targets during 2025 relating to clinical and pipeline strategic metrics (40%), revenue metrics (30%), and profit metrics (30%). This structure is designed to reinforce sustained performance accountability, strengthen shareholder alignment, and support the Company’s long-term value.

creation strategy. Similarly, in 2026, the Compensation Committee granted PSUs to the NEOs as part of their 2026 equity mix, with the 2026 PSUs having a three-year performance period.

Compensation Policies and Best Practices

Our executive compensation program is designed to support our pay-for-performance culture, reflect the competitive market for skilled executives in both China and the United States, meet the unique characteristics of the Company, and have strong alignment with the interests of our shareholders. We believe the following policies and practices within our executive compensation program promote strong governance principles and are in the best interests of our shareholders:

✓	Maintain robust stock ownership guidelines	✗	No repricing or exchange of underwater options or SARs without shareholder approval
✓	Maintain anti-hedging and anti-pledging policies	✗	No option or SARs granted below fair market value

WHAT GUIDES OUR PROGRAM

Principal Objectives of Our 2025 Compensation Program

Our executive compensation program is designed to drive the creation of long-term shareholder value by awarding compensation that is designed to attract, retain, and motivate strong leaders who perform at high levels, help us deliver on our corporate mission and objectives, and succeed in a demanding international business environment. In structuring our executive compensation program, our Compensation Committee considers the unique characteristics of the Company and the significant competition for top talent in our industry; the challenges of recruiting, retaining, and motivating executives in an industry that generally has significant risks and longer business cycles than other commercial industries; and evolving compensation governance and best practices. In addition, as a company incorporated in the Cayman Islands, with a substantial presence in Greater China and the United States and dual-primary listing on Nasdaq and the Hong Kong Stock Exchange, our leadership team must also possess, in addition to deep knowledge of the U.S. and Hong Kong securities laws and governance requirements, the global perspectives and expertise required to navigate geopolitical challenges and to address novel and complex issues amid the evolving global regulatory landscape. Because the Company is designing an executive compensation program to attract, retain, and motivate global talent, with specific knowledge of the evolving Chinese regulatory and operating environment, the Company’s executive compensation program may differ from our U.S. peers to reflect the competitive market in China, the need to attract a global skillset with deep knowledge of both U.S. and Chinese regulatory regimes, and the Company’s desire to incentivize an entrepreneurial mindset to encourage actions that support our long-term growth and strategy. For these reasons, the Compensation Committee looks at the totality of factors the Company faces when it considers and determines executive compensation.

Our executive compensation program in 2025 was:

- *Mission Focused and Business Driven.* Our executive compensation program focused on whether we met our corporate performance goals and whether each named executive officer achieved his or her individual performance goals. These goals are designed to support the annual and long-term objectives of our business, including the discovery, development, and commercialization of innovative products to address significant unmet medical needs in our key therapeutic areas. We seek to provide an executive compensation program that contributes to building and sustaining a foundation for long-term success.
- *Market Competitive.* While we do not benchmark our compensation, or its components, to a specific market percentile of compensation within our peer group, we consider the executive compensation programs of our peer group in making executive compensation determinations. Broader market data, as further described below, is also considered in order to provide additional context for our executive compensation decisions, considering the unique characteristics of the Company and the need to attract, retain, and motivate executives with a global skillset with deep knowledge of both U.S. and Chinese regulatory regimes. Peer group and market practices are among the many factors we consider in developing an executive compensation program that is designed to enable us to recruit, retain, and motivate our leadership team to achieve our business objectives and enhance shareholder value.
- *Performance Focused.* We believe strongly in pay-for-performance and endeavor to provide our named executive officers with higher levels of compensation when our business goals and any personal performance objectives are met or exceeded and with lower levels of compensation when such corporate or individual performance does not meet our expectations and goals. For 2025, we granted an annual bonus opportunity and performance-based equity awards with payouts tied to the achievement of pre-established performance goals.
- *Aligned with Shareholders.* We believe every employee contributes to our success and, as such, we have endeavored to design a compensation program that provides every employee with a vested interest in our success. For members of our executive team, including our named executive officers, a significant portion of their total compensation is equity-based to promote further alignment between the interests of our executive officers and our shareholders.

2025 Principal Elements of Compensation

Our executive compensation objectives are achieved through the following principal elements of pay:

Pay Element	How It's Paid	Purpose
Annual Base Salary	Cash (Fixed)	Provide a competitive base salary rate relative to similar positions in the market to enable the Company to attract and retain critical executive talent, with adjustments made to recognize individual performance and contributions.
Annual Incentives (Bonus)	Cash (Variable)	Reward executives for delivering on annual strategic goals and individual contributions that drive our business strategy and contribute to long-term value creation.
Long-Term Equity Incentives	Equity (Variable)	Provide incentives for executives to execute on longer-term goals that drive the creation of shareholder value and support the Company's retention strategy, with a portion of long-term equity incentives tied to pre-established performance goals.

Compensation Mix

Our executive compensation program uses a mix of fixed and variable cash and non-cash compensation, with an emphasis on variable compensation based on performance and long-term goals. The program is structured to create a meaningful balance between achieving strong short-term annual results while promoting long-term viability and success. Therefore, the Compensation Committee reviews and determines the mix of incentives at least annually based on the short- and long-term objectives of the business. The charts below show the target annual total direct compensation of our CEO and our other named executive officers, or NEOs, for 2025. These charts illustrate that a majority of executive compensation is variable (90% for our CEO and an average of 82% for our other named executive officers).

The Decision-Making Process

The Compensation Committee works closely with its independent compensation consultant, as well as with management, to evaluate the effectiveness of the Company's executive compensation program. The duties and responsibilities of the Compensation Committee are documented in the Compensation Committee's written charter, which was adopted by the Board of Directors and can be found on our website, www.zailaboratory.com, under the "Corporate Governance" subsection of the "Investors" section.

Role of Compensation Committee. The Compensation Committee reviews, on an annual basis, our executive compensation program in light of our business goals and objectives and the business results and corporate performance goals we achieved for the year in order to establish the compensation for our named executive officers. In setting compensation, the Compensation Committee may, in its discretion, adopt or recommend to the Board of Directors the adoption of, new or amended elements of our executive compensation program, to the extent our business goals and objectives have changed.

In making executive compensation decisions, the Compensation Committee reviews a variety of factors and compensation-related data, including information obtained from our peer group companies and other market data such as compensation surveys comprising companies with a similar size, complexity, and industry focus as us. In setting compensation, the Compensation Committee also considers our Company's performance with respect to our annual corporate performance goals as well as individual performance. Based on this assessment of corporate and individual performance, the Compensation Committee will determine (or recommend to the Board of Directors in the case of the CEO) the amount of total compensation that it deems appropriate for each executive officer as well as how such compensation should be allocated between cash and non-cash compensation and among the different forms of non-cash compensation. In addition, the Compensation Committee reviews our annual bonus plan and our

equity incentive plan, assesses the business achievements relevant to granting awards under these plans, and makes recommendations to the Board of Directors with respect to the Company's overall compensation policies and practices.

Role of our CEO. Each year, our CEO provides the Compensation Committee with an assessment of the Company's performance relative to its corporate goals for the most recently completed fiscal year as well as the individual performance of each named executive officer, other than herself, and recommends to the Compensation Committee the compensation to be paid or awarded to each named executive officer, other than herself. Our CEO's recommendations are based on numerous factors, including:

- Company, team, and individual performance;
- internal pay comparisons;
- potential for future contributions;
- leadership competencies; and
- external market competitiveness.

In consideration of the CEO's recommendations and other factors, the Compensation Committee will make the final determinations regarding the compensation of our named executive officers, other than our CEO, and will make a recommendation to the Board of Directors for the compensation to be paid or awarded to our CEO. The Board of Directors is responsible for making the final determination regarding our CEO's compensation. Our CEO does not participate in any deliberations regarding her own compensation.

Role of the Independent Compensation Consultant. The Compensation Committee believes that independent advice is important in developing and overseeing our executive compensation program. The Compensation Committee has engaged Pearl Meyer to provide consulting services in relation to executive and director compensation decisions. Pearl Meyer reports directly to the Compensation Committee and only provides services to us on such matters as needed and as directed solely by the Compensation Committee. These services include providing guidance on trends in CEO, executive, and non-employee director compensation; the development of the specific components of our executive compensation program; and a competitive market assessment of our executive compensation program, including the composition of our compensation peer group.

The Compensation Committee has assessed the independence of Pearl Meyer in accordance with applicable SEC and Nasdaq rules and confirmed that Pearl Meyer's work does not raise any conflicts of interest and that Pearl Meyer remains independent under applicable rules.

External Market Competitiveness and Compensation Peer Group

We consider market practices and trends when designing our executive compensation program and determining executive compensation levels. We consider competitive ranges for each position when we make executive compensation decisions and review external market practices as a reference point to assist us in designing an executive compensation program that is tailored to the unique characteristics of our Company and is intended to attract, retain, and motivate talented leaders. To understand the external market competitiveness of the compensation for our named executive officers, the Compensation Committee reviews reports analyzing publicly available information and surveys prepared by Pearl Meyer. These reports compare the compensation of each named executive officer to data available for comparable positions at companies in our peer group and, in certain circumstances, the broader market, by compensation element.

To determine our 2025 peer group, we identified comparable companies that approximate (i) our scope of business, including revenues and market capitalization, (ii) our global geographical reach, (iii) our research-based business with multiple marketed products, and (iv) a comparable pool of talent for which we compete. In 2024, the

Compensation Committee, with support from our independent compensation consultant, conducted an in-depth analysis to determine the appropriate peer group to evaluate 2025 compensation decisions in the context of the Company's business strategy and operating parameters. The purpose of the peer group analysis was to enable the Company to use the appropriate comparator group and third-party data sources for our annual assessment of executive compensation. Following this analysis, the Compensation Committee determined that our peer group should be updated to reflect the Company's current size and scope of our business. For example, we added certain companies that were deemed comparable in size and business scope (these new companies denoted with two asterisks in the table below), and we removed certain companies that were no longer deemed comparable in size or that had been acquired.

The peer group used to evaluate 2025 executive compensation decisions consisted of the following 19 companies*:

ACADIA Pharmaceuticals, Inc.	Ionis Pharmaceuticals, Inc.
Agios Pharmaceuticals, Inc.	Ironwood Pharmaceuticals, Inc.**
Amicus Therapeutics, Inc.	Kiniksa Pharmaceuticals International, plc**
Apellis Pharmaceuticals, Inc.	Mirum Pharmaceuticals, Inc.**
Axsome Therapeutics, Inc.**	PTC Therapeutics, Inc.
BeOne Medicines AG (formerly BeiGene, Ltd.)	Traverse Therapeutics, Inc.
BioCryst Pharmaceuticals, Inc.	Ultragenyx Pharmaceutical Inc.
Blueprint Medicines Corporation	Vir Biotechnology, Inc.
Dynavax Technologies Corporation**	Xencor, Inc.
Insmed Incorporated	

*Removals from the peer group in 2025 include Alkermes plc, Deciphera Pharmaceuticals, Inc., Exelixis, Inc. Mirati Therapeutics, Inc., Neurocrine Biosciences, Inc., and Sarepta Therapeutics, Inc.

** Represents new peer group members in 2025. Dynavax Technologies Corporation was acquired by Sanofi in February 2026.

For each of the companies in our peer group, we analyzed available data to identify comparable executive officers. We then compiled and analyzed the data for each comparable position. Our competitive analysis included the structure and design of the executive compensation program as well as the targeted value of the compensation under this program. For our executive officers, we may supplement the data from our peer group with size appropriate published compensation surveys from the life sciences sector.

While the Compensation Committee considers relevant market pay practices when setting executive compensation, it does not believe it is appropriate to establish compensation levels based only on market practices. The Compensation Committee believes that compensation decisions are complex and require a deliberate review of Company and individual performance and peer compensation levels. The factors that influence the amount of compensation awarded include, but are not limited to:

- Market competition for a particular position;
- Experience and past performance inside or outside the Company;
- Roles and responsibilities within the Company;
- Tenure with the Company and associated institutional knowledge;
- Long-term potential with the Company;
- Innovative thinking and leadership;
- Industry expertise;

- Personal performance and contributions;
- Succession planning;
- Past and future performance objectives; and
- Value of the position within the Company.

2025 EXECUTIVE COMPENSATION PROGRAM IN DETAIL

Annual Base Salary

The Compensation Committee seeks to maintain the annual base salaries that we pay to our new and existing named executive officers at competitive levels. In determining base salary levels for the applicable year, the Compensation Committee reviews a number of factors, including base salaries compared to peer group compensation data and each named executive officer's capabilities, performance, roles and responsibilities, and future expected contributions.

For 2025, the Board of Directors, in consideration of the recommendation by the Compensation Committee, determined not to increase to Dr. Du's base salary. Similarly, the Compensation Committee determined not to increase base salaries for our other named executive officers.

Below are the annual base salaries for our named executive officers in effect as of December 31, 2025 and 2024.

Name	Base Salary as of December 31, 2025	Base Salary as of December 31, 2024	Percentage Increase
Samantha (Ying) Du	\$ 908,730	\$ 908,730	— %
Yajing Chen	\$ 520,000	\$ 520,000	— %
Rafael Amado	\$ 641,700	\$ 641,700	— %
F. Ty Edmondson	\$ 590,877	\$ 590,877	— %
Josh Smiley	\$ 672,750	\$ 672,750	— %

Annual Incentive Awards (Bonuses)

Our annual bonus program is designed to motivate and reward our named executive officers for achievement of performance that supports short- and long-term value creation for the Company. Target annual bonus opportunities are based on a percentage of the named executive officer's base salary and their respective roles and responsibilities. Actual awards are determined based on the Compensation Committee's assessment of corporate and individual performance and can range from 0% to 150% of target depending on performance.

CEO Annual Incentive Award. For 2025, in order to continue to emphasize and promote CEO accountability for corporate results, the CEO's annual incentive award was based entirely on corporate performance.

Annual Incentive Award for Other NEOs. For 2025, the annual incentive awards for our other named executive officers continued to be weighted 80% for corporate performance and 20% for individual performance, tying a portion of their bonus to their success in their functional areas of responsibility while still focusing the executive team on the Company's overall performance.

The table below shows the 2025 target annual incentive awards for each named executive officer, which remained unchanged from 2024.

Name	Target Percentage	Target Amount
Samantha (Ying) Du	90%	\$817,857
Yajing Chen	45%	\$234,000
Rafael Amado	50%	\$320,850
F. Ty Edmondson	45%	\$265,895
Josh Smiley	60%	\$403,650

Corporate Performance Goals and Results. Each year, we establish key corporate strategic goals that are aligned with Company-wide incentives relating to significant business objectives. The Compensation Committee’s goal-setting process for 2025 was rigorous and involved extensive discussion and review of multiple data points, including the Company’s corporate strategy, product and pipeline expectations, financial outlook, and overall market opportunity. In establishing the 2025 corporate performance goals and their respective weightings, the Compensation Committee sought to focus management attention on the enterprise-level outcomes most critical to executing the Company’s strategic priorities.

To this end, for 2025, the Compensation Committee determined that corporate performance would be measured based upon three key goals (as opposed to five corporate performance goals under the 2024 annual incentive program): pipeline advancement and strategic initiatives (weighted at 40% of the corporate performance component of the awards), topline growth (weighted at 30% of the corporate performance component of the awards), and profitability (weighted at 30% of the corporate performance component of the awards). This structure is intended to reinforce accountability for Company-wide results, reflect how performance is evaluated internally, and better align incentive outcomes with key drivers of long-term shareholder value.

The 2025 corporate goals were designed to be challenging but achievable, requiring strong management performance and disciplined execution of the Company’s 2025 corporate strategic objectives. In assessing overall corporate performance, the Compensation Committee may also consider other key achievements during the year, consistent with its holistic evaluation approach.

As described in further detail below, the Compensation Committee reviewed our performance with respect to our 2025 corporate goals and concluded that the Company had achieved many of these goals as well as significant successes beyond these goals. Based on this level of achievement, the Compensation Committee then determined that the corporate multiplier for the corporate performance element of our named executive officers’ annual incentive awards was 85%.

Advance Pipeline and Strategic Initiatives (Score: 37%; Target: 40%)

Goals: Advance key pipeline programs and strategic initiatives through the achievement of regulatory, clinical, and development milestones, including regulatory submissions and approvals, initiation and advancement of clinical trials, progression of early-stage programs, and execution of strategic business development activities.

Achievements: The Company achieved or exceeded the majority of its development and strategic initiative goals for its products and product candidates, including the following:

- **Global Products:** For zoci, advanced our registrational strategy in second line SCLC, first patient enrolled in study for other neuroendocrine tumors, and completed dose escalation and initiated dose expansion study in first line SCLC; submitted Investigational New Drug (“IND”) application and enrolled first patient in New Zealand evaluating ZL-1503 for atopic dermatitis; initiated IND enabling studies for ZL-1222 for the treatment of certain solid tumors; and obtained exclusive worldwide rights to develop and commercialize ZL-1311, a next generation TCE targeting MUC17, for the treatment of gastric and gastroesophageal junction cancers; and
- **Regional Products:** China’s National Medical Products Administration (“NMPA”) approved the New Drug Application (“NDA”) for KarXT for the treatment of schizophrenia in adult patients; NMPA accepted

NDA for TIVDAK in recurrent or metastatic cervical cancer; NMPA granted Innovative Medical Device Designation for TTFields for patients with pancreatic cancer based on positive results from the Phase 3 PANOVA-3 trial; completed localization activities for XACDURO; completed enrollment in studies of efgartigimod for lupus nephritis, myositis, and thyroid eye disease (“TED”); and for povetacept, completed enrollment for Phase 3 study in IgAN and enrolled first patient in Phase 2/3 study in primary membranous nephropathy.

The Company did not meet certain development and strategic initiative goals as some products and related studies or milestones were deprioritized, terminated, or delayed, and we decided not to pursue certain clinical trials and collaboration arrangements.

The Compensation Committee also considered the following additional achievements that were above and beyond the development and strategic initiative goals approved by the Compensation Committee for 2025: achievement of orphan drug designation and fast track designation from the FDA for zoci for the treatment of SCLC; NMPA approval of the supplemental NDA for AUGTYRO for the treatment of adult patients with NTRK+ solid tumors; submission of an IND application to the FDA for ZL-6201 for the treatment of certain solid tumors; enrolled first patient in the Phase 3 study of efgartigimod for Sjorgen’s Disease and treatment of first patient in the Phase 3 studies of efgartigimod for ocular MG; and submission of a Clinical Trial Application and treatment of first patient in the Phase 3 bridging study in Greater China for elegrobarb for TED.

Topline Growth (Score: 24%; Target: 30%)

Goals: Achieve product and out-licensing revenue goals.

Achievements: Although the Company did not achieve its revenue goals, it achieved strong year-over-year revenue growth of 15% despite a challenging macroeconomic environment and evolving competitive dynamics combined with corporate strategic decisions that lowered initial budgeted revenue targets.

Profitability (Score: 24%; Target: 30%)

Goals: Improve operating performance through disciplined expense management and progress toward profitability, as measured by operating loss and quarterly operating income targets.

Achievements: Although the Company did not achieve its profitability goals, operating expenses decreased as a percentage of revenue and our net loss decreased 32% year-over-year as a result of our continued focus on efficiency and productivity, allowing us to continue to advance on our path to profitability.

Total Corporate Performance Score: 85%.

Individual Performance. Upon review of the individual performance of each named executive officer, other than the CEO, the Compensation Committee determined that each NEO achieved an individual performance modifier ranging from 90% to 125% for the 2025 performance year. As noted above, the CEO’s annual incentive award for 2025 was based solely on corporate performance.

2025 Annual Incentive Award Payouts. Actual awards were then determined based on the corporate and individual performance multipliers described above. Actual award payouts ranged between approximately 85% and 93% of target bonuses as shown in the table below.

The table below shows the 2025 target annual bonus and actual bonuses earned for our named executive officers.

Name	Target (as a % of Base Salary)	Corporate Performance Multiplier (%)	Individual Performance Multiplier (%)	Overall Performance Modifier (as a % of Target)	Actual Award Payout (\$)
Samantha (Ying) Du	90%	85%	N/A	85%	695,178
Yajing Chen	45%	85%	100%	88%	205,920
Rafael Amado	50%	85%	125%	93%	298,391

Josh Smiley	60%	85%	90%	86%	347,139

Equity Incentive Compensation

Equity incentive compensation comprises a significant portion of total target direct compensation for our named executive officers. Such equity compensation directly aligns the interests of our named executive officers with those of our shareholders. Each year, the Compensation Committee considers a variety of factors, including the Company’s stage of development and business needs and objectives, market practices in our peer group, and experience and past performance, to determine the type and mix of equity awards that it believes will best support the Company in achieving its goals of attracting, retaining, and motivating strong leaders who perform at high levels and succeed in executing on our corporate strategic goals in a demanding business environment.

For 2025, we granted equity incentive awards using a mix of 50% service-based stock options (“stock options”), 25% restricted share units (“RSUs”) subject solely to time-based vesting restrictions, and 25% PSUs subject to both time and performance-based vesting conditions, other than in the case of our CEO, who received approximately 65% stock options, 20% RSUs, and 15% PSUs. The Company introduced PSUs as a new component of the long-term incentive program for 2025 in order to increase the percentage of compensation tied to the achievement of pre-established performance goals and to further encourage strong, focused performance on our corporate financial and strategic objectives, as well as to support long-term shareholder value creation. We believe this mix of stock options, RSUs, and PSUs supports the Company’s compensation philosophy of providing market-competitive compensation in order to attract and retain highly motivated talent, while also delivering meaningful at-risk compensation tied to the Company’s corporate financial and strategic performance and stock price appreciation.

Equity Vehicle	What It Does	Design Details
Stock Options	Rewards for stock appreciation and continued service over the vesting period	Exercise price per Share: See table below Vesting: 25% per year on the anniversary of the date of the grant, subject to continued employment with the Company on the vesting date Exercise term: 10 years

RSUs	Supports leadership retention objectives and further aligns interests of executives with shareholders as the RSUs fluctuate based on our share price performance	Vesting: 25% per year on the anniversary of the date of the grant, unless otherwise noted below, subject to continued employment with the Company on the applicable vesting date

2025 Equity Incentive Awards. In determining the total amount and mix of annual equity grants to our named executive officers, in March 2025, the Compensation Committee (or the Board of Directors with respect to the CEO) considered corporate and individual performance, the equity incentive awards granted to comparable executive officers of our peer group companies and, in certain circumstances, broader market data, as well as the retentive value of outstanding equity. In general, equity incentive awards constitute the largest component of our executive compensation program in order to better align the interests of our executives with those of our shareholders.

The following table shows the target equity incentive awards granted during 2025 to our named executive officers, which were reduced as compared to the target equity incentive award values for 2024.

Name	Stock Options*	RSUs*	PSUs*	Total Target Value
Samantha (Ying) Du**	\$4,818,700	\$1,608,790	\$1,072,510	\$7,500,000

* The stock options are exercisable for ADSs, and each RSU and PSU represents a contingent right to receive one ADS. The actual number of ADSs granted was determined by dividing the corresponding allocation of the target value by a 30-trading-day average of the closing price of our common stock (“30-Day Average”). The target award value differs from the amounts reported in the *2025 Summary Compensation Table* as SEC rules require that the amounts reported in the *2025 Summary Compensation Table* be reported based on the grant date fair value calculated in accordance with accounting rules, which is based on the stock price on the date of grant. Additional

details on amounts of the 2025 equity grants to our named executive officers are shown in *Executive Compensation Tables – 2025 Grants of Plan-Based Awards*.

** Dr. Du’s annual RSU awards were granted in two tranches in 2025, as shown in *Executive Compensation Tables – 2025 Grants of Plan-Based Awards*.

A Closer Look at PSUs. As described above, beginning in 2025, the Compensation Committee introduced PSUs as a component of the Company’s long-term incentive program to further strengthen the alignment between executive compensation, Company corporate financial and strategic performance objectives, and long-term shareholder value creation. The PSU awards were granted pursuant to the Company’s 2024 Equity Incentive Plan and the applicable PSU award agreements.

PSUs granted in 2025 are earned based on the achievement of pre-established corporate and financial objectives across the following categories:

Performance Category	Weighting	Overview
Advance Pipeline & Strategic Initiatives	40%	Progress against key regulatory, clinical, pipeline, and strategic milestones that advance the Company’s long-term growth strategy
Topline Growth	30%	Revenue performance across the Company’s commercial and collaboration activities
Profitability	30%	Financial discipline and progress toward improved operating performance

In recognition of transitioning to including PSUs in our annual mix of equity awards, the Compensation Committee approved the 2025 PSUs with one-year performance period and a three-year service-based vesting period. This transitional performance period allowed the Compensation Committee to set meaningful performance goals to incentivize performance, while still subjecting the award to a full three years of stock price fluctuations and shareholder alignment. To further align with market practices, the PSUs in 2026 were granted with a three-year performance period.

The Compensation Committee intentionally aligned the PSU performance categories with the Company’s annual corporate incentive objectives, as these measures reflect the Company’s most critical strategic and financial priorities. This approach links disciplined near-term execution with long-term value creation through extended vesting and continued service requirements. Achievement of the “Topline Growth” and “Profitability” performance goals were measured based upon performance during 2025, while the “Advance Pipeline and Strategic Initiatives” performance goal required the satisfaction of certain goals by certain deadlines during 2025. In addition to the one-year performance period, the PSUs have a three-year service period, and earned awards remain subject to forfeiture if continued service requirements are not satisfied. Performance is assessed independently within each category based on pre-established targets, and the weighted results are aggregated to determine overall PSU performance achievement.

The percentage of PSUs earned based on performance achievement is determined following the completion of the applicable performance period. Actual awards earned may range from 0% to 150% of target, as shown below:

Performance Achievement Level	Payout as a Percentage of Target
Minimum	0%
Target	100%
Maximum	150%

Following the completion of the performance period, the Compensation Committee reviewed performance results and, in its sole discretion, determined the extent to which the applicable performance objectives were achieved. Any PSUs earned based on this determination vest on the designated vesting date, subject to the executive’s continued

employment with the Company through the vesting date. If an executive's employment terminates prior to the vesting date, all outstanding and unvested PSUs are forfeited, and any PSUs earned but not yet settled are also forfeited, except as expressly provided in an applicable employment agreement or in connection with a qualifying termination following a covered transaction.

Outstanding PSUs Results. The Compensation Committee evaluated performance outcomes and determined the level of PSU performance achievement for the specified performance objectives during 2025 for the 2025 PSUs, as described above in *Corporate Performance Goals and Results*. This evaluation of corporate performance resulted in the payout determination, as summarized below.

Performance Category	Achievement	Payout Level	Weighting	Payout as % of Target
Advance Pipeline & Strategic Initiatives	92%	94%	40%	38%
Topline Growth	80%	51%	30%	15%
Grow Profitability	82%	56%	30%	17%
Total Result			100%	70%

The following table summarizes the target PSU awards granted to each named executive officer for 2025 and the PSUs earned based on the Compensation Committee's performance determinations, all of which remain subject to continued service requirements and vesting in accordance with the terms of the PSU awards.

Name	Target PSUs Granted	PSUs Earned
Samantha (Ying) Du	36,542	25,579
Yajing Chen	17,035	11,924
Rafael Amado	21,294	14,905
F. Ty Edmondson	17,035	11,924
Josh Smiley	25,553	17,887

During 2025, the performance period for PSUs granted in 2021 to the then-serving named executive officers (Dr. Du and Mr. Edmondson) also expired. Under the 2021 PSUs, the awards were scheduled to vest based on the satisfaction of specified product advancement milestones over the performance period beginning December 1, 2021 and ending on December 31, 2025. The underlying milestones were not achieved, and the PSUs were forfeited.

OTHER PRACTICES, POLICIES, AND GUIDELINES

Share Ownership Guidelines

We maintain share ownership guidelines for our executive officers to strengthen and reinforce the link our compensation program creates between our executive officers and our shareholders. A summary of our share ownership guidelines is set forth below.

Level	Number of Shares Equal in Value to:
CEO	6x base salary
Other Section 16 Officers	2x base salary

Executive officers have five years from their initial appointment to comply with this policy. Only shares beneficially owned and vested are included in the share ownership calculation. Shares underlying unvested options, RSUs, or PSUs are not included in the calculation. All of our named executive officers currently meet the applicable share ownership guideline or are still within the five-year period to meet such guideline. Once an executive officer's level of share ownership satisfies the applicable guideline, the executive officer is expected to continue to comply with the

guideline amount for as long as the individual is subject to this policy. Future declines in share price will not affect the covered person's compliance with this policy as long as the covered person holds a number of shares equal to or greater than the number of shares he or she held at the time he or she achieved compliance.

Policies on Clawback and Recovery of Compensation

We have adopted a policy that provides us with the right to recover amounts paid on the basis of financial results that are subsequently restated in accordance with the requirements of the Dodd-Frank Act, SEC rules, and applicable listing standards. In addition, under the provisions of the Sarbanes-Oxley Act, the chief executive officer and chief financial officer of a public company may be required to forfeit certain equity- or incentive-based compensation in the event of an accounting restatement due to the material noncompliance of the issuer, as a result of misconduct, with respect to one or more reporting requirements under the securities laws. These Sarbanes-Oxley requirements would be enforced as a matter of law if the circumstances arose that warranted it.

Hedging and Pledging Prohibitions

In accordance with the Company's insider trading policy, our executive officers and directors are prohibited from engaging in pledging or hedging transactions with respect to our shares.

Other Benefits and Perquisites

We provide standard group health and welfare benefits, including medical, life, and disability insurance to our employees located in the United States, including our named executive officers, as applicable. We also provide benefits required by statute to our employees, including our named executive officers, located outside of the United States. In addition, our named executive officers participate in our tax-qualified 401(k) plan, a broad-based, defined contribution retirement plan in which all of our employees who are U.S. taxpayers and who meet certain age and service requirements are eligible to participate. We make a matching contribution equal to 100% of the first 5% of the employee's elective contributions under the plan, up to 5% of an employee's eligible compensation. The annual value of the contributions to our retirement plan for 2025 for each named executive officer is reflected in the "All Other Compensation" column of the 2025 *Summary Compensation Table*. We do not maintain a defined benefit pension plan or supplemental executive retirement plan.

During 2025, we did not provide our named executive officers with any perquisites.

Employment Agreements

We have entered into employment agreements with each of our named executive officers that govern the terms and conditions of their service relationship with us, including the terms and conditions related to their compensation and benefits. The term of Dr. Du's employment is without a fixed period and subject to a specified notice period only. The compensation received by our named executive officers in accordance with these employment agreements is disclosed elsewhere in this *CD&A*.

Each of our named executive officers is afforded severance protection through his or her employment agreement. These severance protections are described in more detail below in *Potential Payments Upon Termination or Change in Control*.

Compensation Risk Management

The Compensation Committee has reviewed our compensation policies and practices and does not believe that these policies and practices create risks that are reasonably likely to have a material adverse effect on us.

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management. Based upon such review and discussion, the Compensation Committee recommended to the Board of Directors that such section be included in this Proxy Statement and incorporated by reference in our Annual Report on Form 10-K for the fiscal year ended December 31, 2025, which was filed with the SEC on February 26, 2026.

As a result, the number of shares in these columns are represented in terms of ADSs. Each ADS represents ten ordinary shares. The PSU awards are eligible to vest based on performance during 2025 and the named executive officer's continued service through the three-year anniversary of the grant date.
- (5) Amounts reflect the aggregate grant date fair value of RSU and PSU awards and stock options granted during 2025, computed in accordance with ASC Topic 718. Our named executive officers are entitled to receive certain benefits upon a qualifying termination of employment, including following a change in control of the Company, or in the event of a termination of employment due to the executive’s death or disability, as described below.

Under the terms of their respective employment agreements, in the event of a termination of employment, each of our named executive officers would be entitled to receive any accrued but unpaid base salary, reimbursement for unpaid business expenses incurred prior to termination, and any additional compensation as may be expressly required under applicable law, including accrued but unused vacation time. In addition, our named executive officers would be entitled to receive additional compensation as described below upon termination of employment by us without “cause” or by the executive for “good reason” (each, a “qualifying termination”), subject to the executive’s timely execution of a separation agreement and a general release of claims in a form reasonably satisfactory to the Company (Dr. Chen and Mr. Smiley became entitled to these benefits in February 2026), and our named executive

officers would also be entitled to receive additional compensation in the event of a qualifying termination within 12 months following a change in control (a “change in control termination”) or as a result of death or disability, the first subject to the executive’s timely execution of a separation agreement and a general release of claims in a form reasonably satisfactory to the Company (Dr. Chen became entitled to these benefits in February 2026).

- **Qualifying Termination (without a Change in Control):** (i) an amount equal to 12 months (18 months, in the case of Dr. Du) of base salary, payable in the form of salary continuation payments, (ii) 12 months (18 months, in the case of Dr. Du) of payments of the Company’s portion of monthly premiums with respect to health, dental, and vision coverage or COBRA continuation coverage, as applicable, and (iii) a pro-rated bonus based on the number of days that the executive worked in the year of termination. Dr. Du and Mr. Edmondson would also receive full accelerated vesting of any then-outstanding unvested stock options, restricted shares, or other equity awards held by the executive (“Equity Acceleration”).
- **Change in Control Termination:** For Dr. Du, (i) an amount equal to 18 months of base salary, payable in the form of salary continuation payments, (ii) 18 months of payments of the Company’s portion of monthly premiums with respect to health, dental, and vision coverage or COBRA continuation coverage, as applicable, and (iii) an amount equal to the sum of six month of base salary, two times her target bonus, and six months of the Company’s portion of monthly premiums payable immediately prior to the effective date of such termination with respect to health, dental, and vision insurance coverage. For Drs. Amado and Chen and Messrs. Edmondson and Smiley, (i) an amount equal to 12 months (15 months, in the case of Mr. Edmondson) of base salary, payable in the form of salary continuation payments, (ii) 12 months (15 months, in the case of Mr. Edmondson) of payments of the Company’s portion of monthly premiums with respect to health, dental, and vision coverage or COBRA continuation coverage, as applicable, and (iii) a pro-rated bonus based on the number of days that the executive worked in the year of termination. Our named executive officers would also receive Equity Acceleration.
- **Death or Disability:** Drs. Du, Chen, and Amado and Mr. Smiley for termination of employment upon death or disability and Mr. Edmondson for termination of employment upon death will be entitled to an amount equal to one month of base salary and one month of the Company’s portion of monthly premiums with respect to health, dental, and vision coverage or COBRA continuation coverage, as applicable. Dr. Du will also receive Equity Acceleration. In the event of a termination of employment for disability, Mr. Edmondson would be entitled to the same severance benefits to which he would have been entitled in connection with a qualifying termination without a change in control.

In addition to the above, the PSU award agreements granted to the named executive officers during 2025 provide that in the event that a “Covered Transaction” (as defined in the 2024 Plan) occurs, and the executive undergoes a qualifying termination (i.e., a termination by the employer without cause or by the executive for good reason) within 12 months following such Covered Transaction, then any PSUs subject to the award, to the extent outstanding and unvested immediately prior to such qualifying termination, shall become vested as of such qualifying termination (i) at target if the Covered Transaction occurs prior to the expiration of the performance period or (ii) based on actual performance during the performance period in the event such Covered Transaction occurs on or after the applicable performance period.

ADDITIONAL EXECUTIVE COMPENSATION INFORMATION

CEO to Median Employee Pay Ratio

We determined that the annual total compensation of our median compensated employee was \$70,126 for 2025. The annual total compensation of our CEO, Samantha (Ying) Du, was \$10,677,221 for 2025, as reported in the “Total” column of the 2025 Summary Compensation Table. We calculated the median compensated employee’s annual total compensation using the same methodology required for calculating total annual compensation for our CEO (and other named executive officers) for purposes of the 2025 Summary Compensation Table. The ratio of these two amounts was 1 to 152.

To identify the median compensated employee, we used cash compensation consisting of base salary and allowance paid with respect to 2025 (annualized for those individuals who were not employed for the full year) and annual cash bonus or incentives paid with respect to 2025 for all employees employed by the Company on December 31, 2025. We then identified the employee closest to the median that had been employed for the full year to serve as our median compensated individual for purposes of this analysis.

We believe this pay ratio is a reasonable estimate calculated in a manner consistent with SEC rules based on our payroll and employment records and the methodology described above. Because the SEC rules for identifying the median compensated employee and calculating the pay ratio based on that employee’s annual total compensation allow companies to adopt a variety of methodologies, to apply certain exclusions, and to make reasonable estimates and assumptions that reflect their compensation practices, the pay ratio reported by other companies may not be comparable to the pay ratio reported above.

Pay Versus Performance

In accordance with the pay versus performance (“PvP”) disclosure requirements in Item 402(v) of Regulation S-K, this section presents information that describes the relationship between Compensation Actually Paid (“CAP”), as that term is defined under the rules prescribed by Item 402(v), to the Company’s CEO, other named executive officers as a group, and certain financial performance measures of the Company.

While the Compensation Committee (or Board of Directors for our CEO) makes executive compensation decisions after considering a variety of factors, including corporate and individual performance, the decisions of the Compensation Committee and Board of Directors in 2025 were made independently of these PvP disclosure requirements. For more information regarding our executive compensation program and related decisions, please refer to *Executive Compensation – Compensation Discussion & Analysis*.

Pay Versus Performance Table

The following table sets forth information for each applicable year regarding the CAP of our CEO, Samantha (Ying) Du, and of our other named executive officers as a group, as well as certain Company financial performance measures, including our total shareholder return (“TSR”), the TSR of the NASDAQ Biotechnology Index (our Company-Selected Peer Group), our net income, and our revenue growth. We selected revenue growth to be our Company-Selected Measure as it represents the most important financial performance measure used to link CAP for 2025 to Company financial performance for purposes of this disclosure.

Financial Performance Measures

The most important financial performance measures identified by the Company as linking executive compensation actually paid to our named executive officers, for the most recently completed fiscal year, to our performance are as follows:

- Revenue growth
- Product revenues
- Operating Profit (Loss)

Pay Versus Performance: Graphical Description

The illustrations below provide a graphical description of CAP (as calculated in accordance with the SEC rules) compared to: (1) our cumulative TSR and the cumulative TSR of the Peer Group, (2) our net income, and (3) revenue growth. Since a significant portion of compensation for our CEO and other named executive officers consists of equity awards, the change in value of Compensation Actually Paid is directionally aligned with changes in our TSR, net income, and revenue growth.

Policies and Practices Related to the Timing of Grants of Certain Equity Awards

The Compensation Committee and senior management monitor the Company’s equity grant practices to evaluate whether such policies comply with governing regulations and are consistent with good corporate practices. When making regular annual equity grants, the Compensation Committee’s general practice is to approve them at its meeting in March or April of each year as part of the annual compensation review and after results for the preceding fiscal year become available. In addition, the Compensation Committee may make grants at any time during the year it deems appropriate, including with respect to new hires, transitions, or to comply with regulatory requirements. The Company does not schedule its equity grants in anticipation of the release of material non-public information (“MNPI”) nor does the Company time the release of MNPI based on equity grant dates.

During 2025, no stock option grants were made to any of our NEOs during any period beginning four business days before the filing or furnishing of a periodic report or current report and ending one business day after the filing or furnishing of any such report with the SEC.

CERTAIN RELATIONSHIPS AND RELATED-PARTY TRANSACTIONS

Review and Approval of Transactions with Related Parties

The Audit Committee has adopted a written policy and procedures for review and approval or ratification of transactions involving the Company and related parties, including executive officers, directors, beneficial owners of more than ten percent of our voting securities, and immediate family members or certain related entities of such persons. The policy covers any related party transaction that meets the minimum threshold for disclosure in this proxy statement under relevant SEC rules, which generally include transactions involving amounts exceeding \$120,000 in which a related party has a direct or indirect material interest.

Pursuant to the related party transaction policy and procedures, management determines whether a transaction requires review by the Audit Committee, in which case the transaction, along with all material information, will be provided to the Audit Committee for review, approval, ratification, or termination. The Audit Committee will review the material terms and relevant factors to determine whether the transaction would be on an arms' length basis and in the ordinary course of business. Subject to certain exceptions, related party transactions must be pre-approved by the Audit Committee, Board of Directors, or shareholders, as described below:

- **Audit Committee:** Approval of the Audit Committee is required for all related party transactions, other than the exceptions described below.

If prior Audit Committee approval is not feasible, the Audit Committee will consider the transaction and determine whether to ratify the transaction at its next regularly scheduled meeting. In the event that a related party transaction was not previously approved or ratified under this policy, the Chair of the Audit Committee will be notified promptly. The Audit Committee or, if it is not practicable for the entire Audit Committee to consider the matter, the Chair of the Audit Committee, will consider whether the related party transaction should be ratified or rescinded or other action be taken.

- **Board of Directors:** The Board of Directors will determine whether to approve the transactions if: (1) the transactions would not be in the ordinary course of business or on an arms' length basis or (2) the amount, individually or in the aggregate, would exceed the lesser of (i) 1% of annual consolidated operating expenses per the last audited annual financial statements and (ii) \$1,000,000.
- **Shareholders:** If the Board of Directors determines that a related party transaction should be brought before the Company's shareholders, then approval of such related party transaction shall be presented to the shareholders for approval through a resolution at a general meeting of shareholders or pursuant to any other method consistent with applicable law.
- No director will participate in any communication, discussion, or decision with respect to a transaction for which he or she is a related party, other than to provide all material information concerning the related party transaction to the Company and Audit Committee. Similarly, shareholders will abstain from voting on any resolution presented to shareholders with respect to a transaction for which they are a related party.
- Certain types of transactions with related parties do not require approval under this policy, such as the employment or compensation of executive officers or directors and transactions where the related party's interest arises solely from ownership in our securities and all shareholders receive proportional benefits.

In determining whether to approve a related party transaction, the Audit Committee, Board of Directors, or shareholders, as applicable, should consider the material facts and relevant factors, including the following:

- the related party's interest in the transaction;

- whether the terms and conditions are fair and on an arm's length basis and are in the ordinary course;
- whether there are appropriate business reasons for entering into the transaction;
- whether the transaction is on terms no less favorable than those that could have been reached with an unrelated party;
- the potential for the transaction to affect the independence of an independent director or lead to reputational risk or an actual or apparent conflict of interest for our executive officers or directors; and
- any other information regarding the transaction or the related party that would be material to investors in light of the circumstances of the particular transaction.

The related party transaction should only be approved if it is determined to be consistent with the interests of the Company and its shareholders. If a related party transaction is ongoing, the Audit Committee may establish guidelines for management to follow in its ongoing dealings with the related party and may periodically review and assess such ongoing transaction to determine whether it remains fair and reasonable to the Company.

Transactions with Related Persons

In January 2025, the Company entered into a license agreement with Zenas BioPharma (HK) Limited, a subsidiary of Zenas BioPharma, Inc. ("Zenas"), pursuant to which the Company obtained a license under certain patents and know-how of Zenas to develop and commercialize products containing a differentiated humanized monoclonal antibody targeting IGF-1R as an active ingredient in Greater China. One of the members of the Company's Board of Directors, Mr. Moulder, is also the Chief Executive Officer and Chairman of the Board of Directors of Zenas. Since January 2025, the Company has paid a \$10.0 million upfront fee in accordance with this agreement. As of March 31, 2026, the Company may be required to pay an additional aggregate amount of up to \$117.0 million in development and sales-based milestones as well as certain royalties at tiered percentage rates ranging from high-single digits to mid-teens on annual net sales of the licensed products in the licensed territories. The related party arrangement with Zenas was approved by the Board of Directors in accordance with our related party transaction policy, excluding Mr. Moulder pursuant to our conflicts of interest policy. This related party transaction is not a connected transaction under Chapter 14A of the HK Listing Rules.

Indemnification

Cayman law does not limit the extent to which a company's articles of association may provide indemnification of officers and directors, except to the extent any such provision may be held by the Cayman Islands courts to be contrary to public policy, such as providing indemnification against civil fraud or the consequences of committing a crime. Our Current Articles provide that each director and officer shall be indemnified and secured harmless out of the assets and funds of our Company against all actions, proceedings, costs, charges, expenses, losses, damages, or liabilities incurred or sustained by him or her in connection with the execution or discharge of his or her duties, powers, authorities, or discretion as a director or officer of our Company, including without prejudice to the generality of the foregoing, any costs, expenses, losses, or liabilities incurred by him or her in defending (whether successfully or otherwise) any civil proceedings concerning the Company or its affairs in any court whether in the Cayman Islands or elsewhere.

We have entered into indemnification agreements to indemnify our directors and executive officers that will provide such persons with additional indemnification beyond that provided in our Current Articles. These agreements, among other things, indemnify our directors and executive officers against certain liabilities and expenses incurred by such persons in connection with claims made by reason of their being such a director or executive officer.

AUDIT COMMITTEE REPORT

The Audit Committee operates under a written charter approved by the Board of Directors, which provides that its responsibilities include oversight of the integrity of our consolidated financial statements, compliance with legal and regulatory requirements, independent auditor qualifications and independence, performance of our independent auditors and the internal audit function, our compliance programs, and our risk management and internal control over financial reporting. The Audit Committee is also responsible for the appointment of our independent auditor and for pre-approving audit and non-audit services to be provided by the independent auditors.

With respect to financial reporting, the Audit Committee's role is one of oversight. Management has the primary responsibility for the financial statements and the financial reporting process, including the related internal controls and procedures. Our independent auditor, KPMG LLP, is responsible for auditing our consolidated financial statements for the year ended December 31, 2025 filed with the SEC and the effectiveness of our internal control over financial reporting as of December 31, 2025 in accordance with the Exchange Act. KPMG is responsible for auditing our consolidated financial statements for the year ended December 31, 2025 submitted to the Hong Kong Stock Exchange in accordance with the HK Listing Rules.

The Audit Committee reviewed and discussed with management and our independent auditor the audited financial statements in our Annual Report on Form 10-K for the year ended December 31, 2025. The Audit Committee also discussed with the independent auditor the matters required to be discussed with the Audit Committee by the applicable requirements of the PCAOB and SEC.

The Audit Committee has received and considered the written disclosures and the letter from the independent auditor required by applicable requirements of the PCAOB regarding communications with the Audit Committee concerning independence and has discussed with the independent auditor its independence from the Company and our management. The Audit Committee has determined that KPMG LLP is independent with respect to the Company.

Based on the review and discussions referred to above, the Audit Committee recommended to the Board of Directors that such audited financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2025, which was filed with the SEC on February 26, 2026.

Pre-Approval Policies

The Board of Directors has adopted policies and procedures for the pre-approval of audit and non-audit services by the Audit Committee for the purpose of maintaining the independence of our independent auditors. The Audit Committee pre-approves all auditing services, internal control-related services, and permitted non-audit services to be performed for the Company by its independent auditor. Consistent with any applicable SEC rules on auditor independence, the Audit Committee annually may establish ceilings on the level of fees and costs of generally pre-approved and sufficiently defined services that may be performed without seeking additional approval from the Audit Committee. The Audit Committee may delegate pre-approval authority to one or more of its members. The member(s) to whom such authority is delegated must report, for informational purposes only, any pre-approval decisions to the Audit Committee at its next regularly scheduled meeting. No fees for services to KPMG LLP in 2025 were approved pursuant to any waivers of the pre-approval requirement.

QUESTIONS AND ANSWERS ABOUT THE MEETING AND VOTING

Why am I receiving these materials?

You received these materials because the Board of Directors is soliciting your proxy to vote your shares at the Annual Meeting. As a shareholder of record of our ordinary shares as of 4:30 p.m. (Shanghai and Hong Kong Time) on April 16, 2026, you are invited to attend the Annual Meeting and are entitled to vote on the items of business described in this Proxy Statement. Holders of our ADSs will not be entitled to attend the Annual Meeting and cannot vote their ADSs directly. Holders of our ADSs as of the ADS record date (4:30 p.m. (U.S. Eastern Time) on April 16, 2026) may exercise the voting rights with respect to the underlying ordinary shares in accordance with the provisions of the deposit agreement by and among the Company, Citibank and the holders and beneficial owners of ADSs (the “deposit agreement”).

What does it mean if I receive more than one set of printed proxy materials?

If you hold your shares in more than one account, you may receive a separate set of printed proxy materials, including a separate proxy card or voting instruction form, for each account. To help ensure that all your shares are voted, please follow the instructions on each set of materials you receive to vote by Internet or by signing, dating, and returning a proxy card or voting instruction form for each account.

Why did I receive a one-page notice in the mail regarding the internet availability of proxy materials instead of a full set of proxy materials?

As permitted by SEC rules, we are making this Proxy Statement and our 2025 Annual Report on Form 10-K available to our shareholders electronically via the Internet. On or about April 28, 2026, we mailed to our shareholders the Notice containing instructions on how to access this Proxy Statement and our 2025 Annual Report on Form 10-K and vote online. If you received a Notice by mail, you will not receive a printed copy of the proxy materials unless you request a copy. The Notice contains instructions on how to access and review all of the important information contained in the proxy statement and the 2025 Annual Report on Form 10-K. The Notice also instructs you on how you may submit your proxy over the Internet. If you received a Notice by mail and would like to receive a printed copy of our proxy materials, you should follow the instructions for requesting such materials contained on the Notice.

We encourage you to take advantage of the availability of the proxy materials on the Internet, such as in order to help lower the costs of delivery and reduce the Company’s environmental impact.

Why is the Annual Meeting a hybrid meeting?

This year we will continue to rely on the latest technology to host a “hybrid” Annual Meeting. We believe that the available technology provides expanded access, improved communication, and cost savings for our shareholders. Combined with allowing traditional in-person attendance, we believe this strikes a good balance between leveraging technology and maintaining the ability for our directors, employees, and shareholders to interact in person.

How do I attend the Annual Meeting?

If you are a shareholder of record of our ordinary shares, you may attend the Annual Meeting in person at 899 Haili Road, Building B, Pudong, Shanghai, China 201203, or virtually by visiting our Annual Meeting website at www.virtualshareholdermeeting.com/ZLAB2026. To participate in the Annual Meeting, you will need the 16-digit control number included on your proxy card or instructions that accompanied your proxy materials.

Shareholders are encouraged to log in to this website and pre-register for the Annual Meeting before the start time of the meeting. Online check-in will begin 15 minutes prior to the start of the meeting, and you should allow ample time for the online check-in procedures. If you choose to attend the Annual Meeting virtually, there will be technicians ready to assist you with any technical difficulties you may have accessing the virtual meeting website. If you encounter any difficulties accessing the virtual meeting website during the check-in or meeting time, please call the technical support number that will be posted on the Annual Meeting log-in page. Holders of ADSs will not be entitled to attend or vote at the Annual Meeting.

Who can vote at the Annual Meeting?

Only shareholders of record of our ordinary shares as of 4:30 p.m. (Shanghai and Hong Kong Time) on April 16, 2026 are entitled to vote at the Annual Meeting. As of 4:30 p.m. (Shanghai and Hong Kong Time) on April 16, 2026, we had 1,123,537,460 outstanding ordinary shares, all of which are entitled to vote with respect to all matters to be acted upon at the Annual Meeting, except those required to abstain from voting to approve the matter under consideration under the HK Listing Rules. Of these shares, approximately 340,324,960 were held in the name of Citibank, as depositary for the ADSs, each representing ten ordinary shares of our Company. Each shareholder of record of our ordinary shares is entitled to one vote for each ordinary share held by such shareholder. Holders of our ADSs cannot vote their ADSs directly. Instead, holders of our ADSs may exercise the voting rights with respect to the underlying ordinary shares in accordance with the provisions of the deposit agreement.

How do I submit questions at the Annual Meeting?

Although shareholders will have an opportunity to ask questions during the Annual Meeting, we encourage shareholders who wish to raise questions at the Annual Meeting to submit their questions in advance to the meeting. To submit questions in advance of the Annual Meeting, go to www.proxyvote.com before 8:00 a.m. (U.S. Eastern Time) / 8:00 p.m. (Shanghai and Hong Kong Time) on June 16, 2026 and enter the 16-digit control number included on your Notice.

FOR

What if another matter is properly brought before the meeting?

The Board of Directors knows of no other matters that will be presented for consideration at the Annual Meeting. If any other matters are properly brought before the meeting, it is the intention of the persons named in the

accompanying proxy to vote on those matters in accordance with their best judgment. If required by the HK Listing Rules, the Company will publish a supplementary circular or announcement in accordance with the HK Listing Rules.

What is the quorum requirement?

Pursuant to the Current Articles, the quorum required for a general meeting of shareholders consists of one or more shareholders holding not less than an aggregate of one-tenth of all voting share capital of the Company in issue who are present in person, virtually, or by proxy and entitled to vote. Your shares will be counted towards the quorum only if you submit a valid proxy (or one is submitted on your behalf by your broker, bank, or other nominee) or if you vote electronically or in person at the Annual Meeting. Abstentions and broker non-votes will be counted for the purpose of determining the presence or absence of a quorum. If there is no quorum, the holders of a majority of the shares present at the meeting or represented by proxy may adjourn the meeting to another date.

How many votes are needed to approve each proposal?

An ordinary resolution to be passed by the shareholders requires the affirmative vote of a simple majority of the votes cast by the shareholders entitled to vote who are present in person, virtually, or by proxy at a general meeting. Proposals 1-14 of this Proxy Statement are ordinary resolutions. If you “Abstain” from voting, it will have no effect on the outcome of the vote on these proposals because abstentions do not count as a vote cast. Broker non-votes will have no effect on the results of the vote on these proposals.

What are “broker non-votes”?

A “broker non-vote” occurs when a U.S. brokerage firm, bank, or other financial institution holding shares for a beneficial owner of ordinary shares does not vote the shares on a proposal because the U.S. brokerage firm, bank, or other financial institution does not have discretionary voting power for a particular item and has not received instructions from the beneficial owner regarding voting of their shares. U.S. brokerage firms, banks, and other nominees who hold shares for the accounts of their clients have discretionary authority to vote shares if specific instructions are not given with respect to routine matters. Although the determination of whether a brokerage firm, bank, or other financial institution will have discretionary voting power for a particular item is typically determined only after proxy materials are filed with the SEC, we expect that the ordinary resolutions to ratify the appointment of KPMG LLP and KPMG as the Company’s independent registered public accounting firms and auditors, respectively (Proposal 10) and the ordinary resolution to approve a general mandate to repurchase ordinary shares and/or ADSs (Proposal 14) will be routine matters, while the rest of the resolutions to be voted upon at the Annual Meeting will be non-routine matters. Discretionary proxies exercised by U.S. brokerage firms, banks, or other financial institutions with respect to our ADSs will be processed by Citibank in accordance with the provisions of the deposit agreement.

Brokerage firms, banks, or other financial institutions holding shares for a beneficial owner of our ordinary shares listed for trading on the Hong Kong Stock Exchange and held in Central Clearing and Settlement System (“CCASS”) in Hong Kong do not have discretionary authority to vote shares if specific instructions are not given by the beneficial owner of the ordinary shares. Accordingly, if your shares listed for trading on the Hong Kong Stock Exchange are held by a brokerage firm, bank, or other financial institution on your behalf in CCASS in Hong Kong and you do not instruct the brokerage firm, bank, or other financial institution as to how to vote your shares, your brokerage firm, bank, or other financial institution will not be entitled to exercise discretion to vote your shares.

How do I vote?

Shareholders of Record of Ordinary Shares

If you are a shareholder of record of our ordinary shares registered on our Hong Kong register or Cayman Islands register as of the record date, you may vote at the Annual Meeting, in person or virtually, through the Internet in advance of the Annual Meeting, or by proxy using a proxy card. Meeting, we urge you to vote by proxy to help ensure your vote is counted. You may still attend the meeting and vote even if you have already voted by proxy; such appointment of proxy will be revoked if you attend and vote at the Annual Meeting.

- **Mail:** If you received your proxy materials by mail, simply complete, sign, and date the proxy card that you received and return it promptly in the prepaid envelope provided or return it to Vote Processing, c/o Broadridge, 51 Mercedes Way, Edgewood, NY 11717. Beneficial Owners of Ordinary Shares

If you are a beneficial owner of ordinary shares registered on the record date in the name of a brokerage firm, bank, or other financial institution, you should have received information containing voting instructions from that organization rather than from us. Simply follow the voting instructions to help ensure that your vote is counted. To vote at the Annual Meeting, you must obtain a legal proxy or broker's proxy card from your broker, bank, or other agent. Follow the instructions from your broker or bank included with these proxy materials or contact your broker or bank to request a proxy form.

ADS Holders of Record

Holders of record of our ADSs as of the ADS record date (4:30 p.m. (U.S. Eastern Time) on April 16, 2026) who wish to exercise their voting rights for the underlying ordinary shares must act through Citibank. The deposit agreement permits registered ADS holders as of the ADS record date to instruct Citibank to exercise the voting rights for the ordinary shares represented by ADSs. Citibank has agreed that it will endeavor, insofar as practicable and permitted under applicable law and the provisions of the deposit agreement, to vote the securities (in person or by proxy) represented by the holder's ADSs. Citibank will vote (or cause its custodian to vote) the ordinary shares held on deposit in accordance with the voting instructions received from ADS holders who provide timely voting instructions.

ADS holders of record that have not provided timely voting instructions shall be deemed to have instructed Citibank to give a discretionary proxy to a person designated by us to vote the ordinary shares represented by such holders' ADSs; provided that no such instructions shall be deemed given and no such discretionary proxy shall be given with respect to any matter as to which we inform Citibank that we do not wish such proxy to be given; provided, further, that no such discretionary proxy shall be given with respect to any matter as to which we inform Citibank that (i) there exists substantial opposition, or (ii) the rights of ADS holders or the shareholders of the Company will be materially adversely affected.

Citibank will distribute information to ADS holders as of the ADS record date (4:30 p.m. (U.S. Eastern Time) on April 16, 2026) describing how voting instructions may be delivered to Citibank by ADS holders.

To be considered timely, instructions from the ADS holders must be sent to Citibank so that the instructions are received by no later than 10:00 a.m. (U.S. Eastern Time) on June 8, 2026.

Beneficial Owners of ADSs

If you are a beneficial owner of ADSs registered on the ADS record date in the name of a brokerage firm, bank, or other financial institution, you should have received information containing voting instructions from that organization rather than from Citibank. Simply follow the voting instructions to help ensure that your vote is counted.

Conversion of ADSs

If a holder of ADSs cancels his, her, or its ADSs in exchange for ordinary shares on or prior to the ADS record date, such holder of ADSs will not be able to instruct Citibank, as depositary of the ADSs, as to how to vote the ordinary shares represented by the canceled ADSs as described above. Holders of ADSs who wish to cancel their ADSs in exchange for ordinary shares for the purpose of voting the ordinary shares directly will need to make arrangements to deliver their ADSs to Citibank, as depositary of the ADSs, for cancellation with sufficient time to allow for the completion of the delivery and, if applicable, the re-registration of the ordinary shares on our Company's register of members in Hong Kong prior to the ordinary share record date, together with (a) delivery instructions for the corresponding ordinary shares (including, if applicable, the name and address of person(s) who will be the registered holder of such ordinary shares) and (b) payment of the ADS depositary fees associated with such ADS cancellation (US\$0.05 per ADS to be cancelled) and any applicable taxes. If ADSs are held in a brokerage firm, bank, or other financial institution, please contact the broker, bank, or other financial institution to find out what actions need to be taken to instruct the broker, bank, or other financial institution to present the ADSs for cancellation. Please be aware that there are no guarantees of timely delivery or re-registration of ordinary shares prior to the record date due to the time differences between U.S. Eastern Time and Shanghai and Hong Kong Time, as well as the time required for processing the ADS cancellations, the delivery of our ordinary shares, and, if applicable, the re-registration of our ordinary shares on the Company's register of members in Hong Kong.

How are votes counted?

Votes will be counted by the inspector of election appointed for the meeting. Consistent with the laws of the Cayman Islands, abstentions and broker non-votes will be counted for the purpose of determining the presence or absence of a quorum. If you return a signed and dated proxy card or otherwise vote without marking voting selections, the proxy will exercise discretion on whether to vote and, if so, how. Our shareholders have no rights under the Cayman Islands Companies Act or under the Current Articles to exercise dissenters' or appraisal rights with respect to the proposals being voted on.

Can I revoke or change my vote after I submit my proxy?

If you are the record holder of ordinary shares, you may revoke your proxy in any one of the following ways:

- You may submit another properly completed proxy card with a later date.
- You may grant a subsequent proxy through the Internet.
- You may send a timely written notice that you are revoking your proxy to Zai Lab Limited, 314 Main Street, Fourth Floor, Suite 100, Cambridge, MA 02142, Attention: Corporate Secretary.
- You may attend the Annual Meeting and vote electronically during the Annual Meeting. Simply attending the Annual Meeting will not, by itself, revoke your proxy.

Your most current proxy card or Internet proxy is the one that is counted.

If you are the holder of record of ADSs, directly or through a broker, bank, or other nominee, you must follow the instructions provided by Citibank or such broker, bank, or other nominee if you wish to change your vote. The last instructions you submit prior to the deadline indicated by Citibank or the broker, bank, or other nominee, as applicable, will be used to instruct Citibank how to vote your ADSs.

Will my shares be counted if I do not vote?

Your shares will not be voted at the Annual Meeting if you are the shareholder of record and you do not vote before the Annual Meeting by proxy card, or via the Internet, or during the Annual Meeting, in person or virtually via the Internet.

What if I return my proxy card but do not provide voting instructions?

Abstentions and broker non-votes will be counted for the purpose of determining the presence or absence of a quorum, but will not be counted for the purpose of determining the number of votes cast on a given proposal. If you return a signed and dated proxy card or otherwise vote without marking voting selections, the proxy will exercise discretion on whether to vote and, if so, how.

Who is paying the expenses of solicitation?

The Board of Directors is making this solicitation, and the Company will pay the cost of preparing and distributing the proxy materials and soliciting votes. If you choose to access the proxy materials over the Internet, you are responsible for any Internet access charges that you may incur. Our officers, directors, and employees may, without compensation other than their regular compensation, solicit proxies through further mailings, personal conversations, facsimile transmissions, emails, or otherwise. We will also pay proxy solicitation expenses for preparation, mailing, returning, and tabulating the proxies.

When are shareholder proposals and director nominations due for next year's annual meeting?

The Cayman Islands Companies Act provides shareholders with only limited rights to requisition a general meeting and does not provide shareholders with a right to put any proposal before a general meeting. However, these rights may be provided in a company's articles of association. The Current Articles allow our shareholders holding in aggregate not less than one-tenth of the share capital of the Company and entitled to vote at general meetings to requisition an extraordinary general meeting of our shareholders, in which case the Board of Directors may duly convene an extraordinary general meeting and submit the resolutions put forward to a vote at such meeting. As a Cayman Islands exempted company, we are not obligated by law to call annual general meetings, however, under the Current Articles, the Company shall hold an annual general meeting every year.

Shareholders may present proper proposals for inclusion in our proxy statement and for consideration at our next annual general meeting of shareholders by submitting their proposals in writing to us in a timely manner. In order to be considered for inclusion in the proxy statement for the 2027 annual general meeting of shareholders, shareholder proposals (including director nominations) must be received at our principal executive offices no later than December 29, 2026, and must otherwise comply with the requirements of Rule 14a-8 of the Exchange Act. If we do not receive notice of the proposal or nomination at our principal executive offices prior to such date, such proposal or nomination will be considered untimely for purposes of Rule 14a-8. If a shareholder wishes to propose a person for election as a director of the Company (a "Candidate") at our next annual general meeting, such shareholder must lodge a written notice at our principal place of business, with a copy forwarded to our registered office. The period for lodgment of such notice shall be a period commencing on the day after the dispatch of the notice of such meeting and ending on the earlier of (i) seven (7) days after the date of such notice or (ii) seven (7) days prior to the date of such meeting (or such other period, being not less than seven (7) days, commencing no earlier than the day of dispatch of the notice of such meeting and ending no later than seven (7) days prior to the date appointed for such meeting, as may be determined by the Board of Directors from time to time). Such written notice must include the background information on the Candidate required by Rule 13.51(2) of the HK Listing Rules. Any other shareholder

proposal for the 2027 annual general meeting of shareholders which is submitted outside the processes of Exchange Act Rule 14a-8 (including a director nomination under Rule 13.70 of the HK Listing Rules) shall be considered untimely unless received by the Company in writing no later than March 14, 2027. If the date of the annual general meeting is moved by more than 30 days from the date contemplated at the time of the previous year's proxy statement, then notice must be received within a reasonable time before we begin to print and send proxy materials. If that happens, we will publicly announce the deadline for submitting a proposal in a press release or in a document filed with the SEC and announced in Hong Kong via the website of Hong Kong Exchange and Clearing Limited (www.hkexnews.hk). A copy of all notices of proposals by shareholders should be sent to Chief Legal Officer & Corporate Secretary, Zai Lab Limited, 314 Main Street, Fourth Floor, Suite 100, Cambridge, MA 02142.
